1. Principal's Requirements

1.1 Principals Requirements (Scope)

An overview of the General Contractor - Trades system and application is provided here to help you understand what it is and how it works.

Each year the Principal requires the use of a variety of service providers at various locations through the Mid-Western Regional Council local government area. The list of services and subsequent categories covered by this application is set out in the Principals Requirements – Classification of Categories. The Principal will only accept the services listed.

This application will assist Council in processing your application to be placed on the Prequalification Panel for your chosen trade or service. If your organisation provides the services that the Principal has identified and you wish to offer them to the Principal, you need to obtain a place on the Prequalification Panel.

Services covered by this application:

- Air-Conditioning & Refrigeration
- Building Services
- Concreting
- Electrical
- Glazier
- Fencing
- Labour Hire
- Landscaping
- Plumbing
- Painting
- Roadside/Lawn Maintenance
- Roofing
- Tiling
- Traffic Services
- Tree Services

1.2 Prequalification Panel

For hire in excess of \$2,000 ex GST, (project and high value maintenance) quotations will be sort from Service Providers on the prequalification panel. The request for quotations will be facilitated through VendorPanel. As this is the first year the Principal will be using VendorPanel, the Principal reserves the right to vary the \$2,000 limit should this be problematic in terms of doing business. In the instance that the limit needs to be adjusted, all Applicants will be notified in writing of the change and the new limit.

By submitting an application you are:

- a) Requesting the Principal to consider you for a place on the Prequalification Panel or overflow list – you will need to clarify this with Council prior to submitting your application. Different trades have different regulations with regards to acceptance on the prequalification panel, you may only be eligible for the overflow list;
- b) Holding yourself ready to supply services for a period of 1 year upon the terms required by the Principal as referred to in the APPLICATION and contract documents;
- c) Agreeing that the Principal may extend this contract by 2 x 1 year terms based on satisfactory performance of service providers during the previous term served;
- d) Committing to ensure that all services comply to the specifications provided and all regulatory requirements such as the relevant Australian Standard for that service;
- e) Committing that your employees and services provided will be of the required standard of competency;
- f) Agreeing to perform work for the Principal in accordance with our Policies and Procedures;
- g) Agreeing to conduct business with the Principal in accordance with our Statement of Business Ethics.

If your application is accepted, each service will be evaluated in the appropriate class and category. The service will also be accepted onto the Prequalification Panel or overflow list and entered into VendorPanel.

On receipt of an invitation from VendorPanel, Service Providers will need to register on VendorPanel should you wish to submit a quotation for longer term or projects works.

Applicants should understand that being a preferred suppliers provides **no guarantee** that any of your services will be engaged, nor is the Principal bound to only hire services listed on the prequalification list. The hire of services by the Principal is dependent on, amongst other things, decisions of the NSW Government and the Principal about the type, location and extent of particular works that will be carried out during the year.

The Principal does not guarantee that your services will be utilised as part of this application.

1.3 Using VendorPanel

For project and high value maintenance where the cost is greater than \$2,000 ex. GST, the Principal will request quotations using VendorPanel. Service Providers will be invited to

provide quotations for the scope of works detailed in the request for quote (RFQ). On receipt of the quotations the Principal will evaluate the submissions and the engagement will be determined based on value for money. Service Providers may reconsider their rates whilst providing quotations via VendorPanel.

Please note that if you are accepted as an overflow supplier only, your services whilst still important to us, will only be requested if all other existing service providers are unavailable. This is to ensure that those service providers that participated in the original tender process are given priority.

2. Overflow List

The principal often receives requests for additional suppliers after a tender has closed. In these instances the principal can accept these offers by resolution of council on the basis that tendered services will receive priority and additional services will only be considered if, and only if:

- (a) Availability of services on the preferred suppliers list has been exhausted, or
- (b) If the services are specialised and job specific requirements not satisfied by services nominated on the preferred suppliers list.

In these instances additional services are added to the overflow list. Reports to the General Manager for additional service providers will be presented on a quarterly (3 monthly) basis. The overflow list will be populated following acceptance of these additional service providers by the General Manager.

3. Terms of Engagement

3.1 Availability of Service Providers

3.2 Availability of Services using VendorPanel

- (a) The Principal will request quotations for specific services for a specific scope and location. The Principal will send request for quotation using Service Providers on the Prequalification list. The closing date and time will be detailed on the request for quotation. Quotations received after this time and date will not be considered. Service Providers are not

obliged to provide a quotation and are under no obligation to make Services available.

- (b) The Principal will evaluate the quotations received.

3.3 During Service Engagement

- (a) The Service Provider must:
 - (i) Be ready to commence work each day at the starting time directed by the Principal, and have access prearranged for site (ie: keys / alarm codes);
 - (ii) Undertake assessment of the site relating to risk and WHS requirements;
 - (iii) Follow the scope as agreed by the Principal and the Service Provider;
 - (iv) Ensure best value for money options/appliances and workmanship is provided;
 - (v) Ensure suitability of any employee or agent of the Service Provider undertaking works on behalf of the Principal and number of employees or agents attending site must meet the scope requirements;
 - (vi) Ensure compliance of any employee or agent with regards to Council's Policies and procedures for example: WHS, PPE, non-smoking and drug & alcohol policy;
 - (vii) Ensure all electrical equipment on site complies with AS/NZS 3760:2010 In service safety and testing of electrical equipment;
- (b) The Principals representative may direct the removal of any Service Provider and any servant or agent of the Service Provider from the Site.

3.4 Duration of Engagement

- (a) The anticipated duration of the engagement for the project is as stated in the request.
- (b) The Principal may alter the duration of the engagement by oral notice to the Contractor, effective immediately. Contract conditions apply to any extension of the engagement.
- (c) The Service Provider may not bring the engagement to an end before the time of the expiration of the anticipated period of the engagement /

project specified by the Principal without the prior written consent of the Principal.

- (d) Where the Principal brings an engagement to an end before the time of the expiration of the anticipated period of engagement specified by the Principal, the Service Provider is not entitled to any other expenses or damages incurred or suffered as a result of the termination.

4. Service Provider's Obligations

4.1 General Contractor Obligations

- (a) Act with Diligence - perform the General Contractor – Trade Services in accordance with this contract in a diligent and competent manner and with all reasonable skill and care.
- (b) Provide Resources - provide, manage and maintain sufficient resources including human resource to enable it to fulfil its obligations under this contract.
- (c) Maintain Licenses - procure and maintain all licenses required from all regulatory authorities, for the provision by the service provider of the trade services offered.
- (d) Maintenance - provide all personnel, tools and facilities necessary to ensure all equipment is maintained and fit for purpose.
- (e) Comply with Laws - comply with any laws applicable to the Services provided and particularly the Workplace Health & Safety requirements.
- (f) Complete Council WHS Local Government – CENTROC induction program. Hold relevant induction card for each worker nominated to work on Council site.

4.2 Prior to Engagement

The Service Provider must:

- (a) Ensure all plant & equipment utilised for works under this contract is fit for purpose;
- (b) Maintain records of plant prestart checks, maintenance, risks assessments and repairs for each project / works undertaken;

- (c) Ensure registration and comprehensive motor vehicle insurance is maintained on any vehicle used for business on behalf of the Principal;
- (d) Ensure all other insurances noted in this application are maintained for the term of the contract;
- (e) Provide details of Work Health & Safety Management Plan.

4.3 Competency of Tradespeople

The Service Provider must:

- (a) Ensure that tradespeople assigned to the Principal's work is competent, licenced where applicable and has received appropriate WHS, Environmental and Quality Assurance training
- (b) Ensure that Tradespeople have been trained in the safe operation of any plant/equipment and is accredited as competent (where applicable).
- (c) Ensure that all Tradespeople have been inducted into the Principal's Local Government (Centroc) Induction

5. Rates

All rates are to be presented excluding GST

5.1 Tradespeople

- (a) Trades/Services will be paid on the basis of an A Rate (hourly rate).
- (b) The A Rate is an hourly rate and is payable when Services, by a fully qualified tradesperson are undertaken on the site. The following conditions apply to the A Rate:
 - (i) the A Rate is payable for the hour/s that the fully qualified tradesperson has worked on the Principal's site or as recorded on the Daily Time Sheet, between 7.00 a.m. and 6.00 p.m. Monday to Friday inclusive, excluding public holidays.
- (c) The B Rate is an hourly rate and is payable when Services, by a fully qualified tradesperson are undertaken on the site. The following conditions apply to the B Rate:

- (i) the B Rate is payable for the hours that a service provider has provided an apprentice and they have worked on the Principal's site or as recorded on the Daily Time Sheet, between 7.00 a.m. and 6.00 p.m. Monday to Friday inclusive, excluding public holidays.
- (d) The C Rate is an hourly rate and is payable when Services undertaken by a fully qualified tradesperson under any of the following circumstances:
 - (i) After hours
 - (ii) Public Holidays

5.2 Travel

The travel rate is a per km rate and is payable when Services are available for work under the following circumstance:

- (i) Travel is required more than 20 km from the centre of their town of origin (business)

5.3 Provision of Scope Preparation or Design

From time to time, the Principal require the expertise of our trade services to prepare or design a scope of works for particular projects prior to requesting a quote from our service providers.

- (a) The rate to be charged for the provision of scope preparation or design must not exceed the rate nominated in Rate A
- (b) The Principal will not cover costs associated with other resources or sub-contractors called to assist in the preparation of the scope of works
- (c) The service provider must advise the Principal immediately if the requests to prepare a scope or design is outside of their professional capacity

6. Service Provider Management

6.1 Performance Assessment Criteria

The Principal continually assess the performance of the Service Provider using all information obtained from current assessments and previous engagements.

The following criteria will be used as a basis for assessing the Service Provider's performance:

- a) Whether tradespeople provided by the Service Provider meet competency requirements
 - b) Acceptable levels of productivity achieved
 - c) Presentation of invoicing, including job numbers and description of work
 - d) Willingness to promptly respond to defects identified in workmanship
 - e) Being readily contactable by the Principal
 - f) WHS, Environmental, Quality Assurance performance
 - g) Compliance with the Conditions of Contract
 - h) Willingness to work in a co-operative manner and to provide a high level of customer service to the Principal at all times.
- (a) The principal is entitled to:
- (i) Assess or re-assess the competence of an service provider and/or their tradesperson at any time during the period of engagement, and
 - (ii) The service provider must, at its cost, make all tradespeople available for any induction training required prior to the commencement of engagement, or at any time during the engagement as reasonably required by the principal.
- (b) Where a service provider or their nominated tradesperson fails to meet any of the competency requirements, the principal may, in its absolute discretion, do any one or more of the following:
- (i) Direct the service provider to provide a substitute tradesperson
 - (ii) Direct the service provider to remove the tradesperson from the site,
 - (iii) Take any other relevant action.
- (c) If at any time during the engagement, the principal:
- (i) forms the opinion that the tradesperson is not competent,
 - (ii) Forms the opinion that the tradesperson is dangerous for site safety, or
 - (iii) Is dissatisfied with the tradesperson for any reason,

The principal may, in its absolute discretion, do any one or more of the following:

- (i) direct the service provider to provide a substitute tradesperson,
 - (ii) Direct the service provider to remove the tradesperson from the site,
 - (iii) Take any other relevant action.
- (d) If the principal suffers additional costs because tradesperson fails to meet the competency requirements, the principal may recover these costs from the service provider.

6.2 Non Conformance Notification

Should the Principal identify a non-conformance, the non-conformance will be investigated with the Service Providers nominated representative and corrective actions agreed. A Non-Conformance Notice will be issued to the Service Provider.

Service Providers may be removed from the Principal's Preferred Supplier and prequalification list:

- a) if the Contractor received multiple non-conformances
- b) if the Contractor ignores the non-conformance notice and does not address corrective actions
- c) in the event of a severe non-conformance (as determined by the Principal) as per Council Service Provider Management Policy

Alternatively, Service Providers can be re-ranked in the preferred supplier list

7. Changing Information

If the service provider has legally changed its name it must immediately notify the principal in writing and supply a copy of the certificate of registration on change of name to the principal.

Notification must be received by the principal if the service provider employs additional tradespeople. The notification must include appropriate licencing /trade details and WHS induction card as requested in this application.

8. Invoicing and Payment

The service provider shall provide the principal with an invoice for all services within 14 days from the last day of each month of engagement.

Subject to any adjustments, the Principal must pay the service provider in accordance with the contract rates in the application form, or rates nominated in VendorPanel. All invoiced amounts and payments are to be in Australian currency (\$AUD).

The principal's payment terms are 30 days

9. Specifications

9.1 General Specification

To meet the requirements of this application, all service providers (excluding labour hire) must:

- (a) Hold a current contractor licence (where required);
- (b) Hold a current construction induction (white card);
- (c) Hold 2 years relevant industry experience in a wide range of building construction work (within 5 years of the date this application);
- (d) Hold relevant competency and certification for the works to be undertaken;
- (e) Hold appropriate licencing and/or regulatory approvals for the nominated services/trade as required by law
- (f) Comply with the requirements stated in the building code of Australia and relevant Australian standards thereunder.

- (g) Ensure all employees/agents are free from the influence of drugs or alcohol whilst working for the principal;
- (h) Ensure all employees/agents participate in any induction and/or toolbox talks requested by the principal;
- (i) Hold a current Local Government (Centroc) WHS induction card issued by the Principal.

Over and above the noted requirements above:

9.2 Specification for Home Modifications Services and Maintenance

In conjunction with Community Services, the Principal provide home modifications and maintenance to the elderly and disabled clients living within the Mid-Western Regional Council and Warrumbungle's LGA

To meet the requirements of home modification services and maintenance, service providers must:

- (a) Hold appropriate licence/trade as noted above for nominated services
- (b) Undertake National Police History Checks (for all tradespersons nominated) to work in the Home Modifications capacity
- (c) Committed to undertake Working with Children Checks (where applicable/when requested)
- (d) Comply with the requirements of NSW Disability Services Standards
- (e) Comply with Australian Building Codes relating to services performed and relevant Australian Standards thereunder.

9.3 Labour Hire

To meet the requirements of labour hire, service providers must:

- (a) Ensure all employment related expenses including any holidays, sick leave and workers compensation are paid in accordance with relevant awards;
- (b) Provide all PPE to candidates as advised by the Principal, including steel cap boots and PPE clothing (or ensure candidates have specified PPE) prior to entry to site;
- (c) Ensure all candidates hold a construction induction card (white card) at a minimum and any other licencing requirements noted in an RFQ;
- (d) Ensure candidates participate in any inductions and/or toolbox talks held by the Principal

- (e) Ensure candidates are free from the influence of drugs or alcohol whilst working for the Principal
