

Create your own *August's Garden*

STEP 1

Cut out 8 Cactai

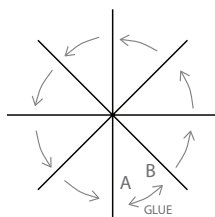

STEP 2

Fold each cutout in half (printed side to the centre)

FOLD PIECES IN HALF

STEP 3

Take one cutout and glue side A to side B of another cutout. (all folds should align to the same side).

Repeat this process until all pieces are joined together.

GLUE PIECES TOGETHER
(TOP VIEW)

STEP 4

Fan and glue the remaining side A with remaining side B to create your 3D Cactus.

STEP 5

Insert cactus into pot.

Get creative and decorate your pot.
