

## 6.2 Rylstone Showground Lighting

NOTICE OF MOTION LISTED BY CR PETER SHELLEY  
TO 21 APRIL 2021 ORDINARY MEETING  
GOV400088, P1622111, A0100035

### MOTION

**That Council investigate price for purchase and install of appropriate LED stadium lighting for the arena at the Rylstone Showground and report back to Council.**

### Background

The purpose of this motion, and request, is to support future community events. The current lighting is not adequate for events such as Bullarama or concerts etc. The first step is to get this report for discussion. I expect the Rylstone – Kandos Show Committee will also have input.

### Officer's comments

Council staff will investigate a full costing to convert the existing lighting to LED lighting at the Rylstone Showground.
