PROJECT / ACTIVITY DETAILS

Name of Project / Activity	Mudgee Lions Community Twilight Market and Festival 2022	
Amount of funding requested	\$ 2,500.00	
Start and Finish date	START (click to tick)	FINISH (click to tick)
	Saturday 10 December 2022	Saturday 10 December 2022
Briefly, describe Project / Activity	Combined market and fun festival for the whole community with a festive, Christmas theme. Held each year since 2014 (the 2020 and 2021 events held in April - COVID restrictions), the principal focus is on fun and activities for all of the family while keeping costs as low as possible and also to get the involvement of as many community groups as possible.	

ADDRESS CRITERIA

How will your project benefit the Mid-Western Region Community?

(Note: limited number of characters)

The event is designed to be fun and enjoyable at minimum cost to the local families and, by design, there are limited economic effects for the area. The event does, however have significant community and social benefits based on its popularity and success over the past 6/7 years; it brings a lot of pleasure to the locals and provides an opportunity for many other community groups and causes to promote and market their programmes or to raise funds. There is a strong "community ownership" of this annual event and, after the COVID problems of the past year or so, should be a great opportunity for families to enjoy themselves. All Lions Clubs bring significant benefits to their communities - Mudgee Lions celebrates its 60th anniversary this year - and every dollar raised from the community is put back into the community.

What is the expected amount of resident participation?

(Please provide no. of estimated participants)

(Note: limited number of characters)

The past two (deferred) events are estimated to have attracted about 2,000 visitors to the market but the festivals held in December usually attract double that number made up of predominantly locals. The large number of community groups who participate is testament to a very significant community involvement and typically there are over 120 local volunteers involved at each festival. In addition to the support from Council, we have enjoyed a lot of assistance from local businesses who are again expected to participate - Coates Hire and Peters Refrigeration have generously donated equipment and Moolarben Coal have provided financial support at times and usually offer the loan of marquees etc.

What level of consultation and collaboration with other local groups has your organisation undertaken?

(ie what other local community groups are or will be involved in this project?)

(Note: limited number of characters)

Community groups who have regularly participated in the markets include First Mudgee Scouts, Venturers and Guides, Cudgegong Cruisers, Mudgee Junior Rugby Union, Mudgee Junior Rugby League, local Dance Academies/groups and local Playgroups many of which operate equipment and games etc supplied by Mudgee Lions for the evening. Not-for-profits which attend to promote their causes have included the Hospital Auxilliary, local Wildlife Carer Networks, Riding for the Disabled, Cancer and Alzheimer Support Groups, the Rural Fire Service, CWA ladies and the like. The number of local volunteers would be well in excess of 120.

Outline your organisation's capacity to deliver the Project / Activity OR describe previous experiences.

(Note: limited number of characters)

Our capacity to deliver the event in December provides the opportunity to deliver an event that community deserves and enjoys and for which they have developed a sense of ownership. This annual project has been successfully delivered over the past eight years and the format has proved to be popular with the community which looks forward to the event each year. Mudgee Lions has typically funded the initial expenses (for advertising, posters and banners, letter box drops etc) and recoups some of that through donations etc at the event - Lions usually fund around net \$1,000 each year.

PROJECT / ACTIVITY DETAILS

Name of Project / Activity	Replacement of existing BBQ and instasillation of level concrete slab.	
Amount of funding requested	\$ 1.00	
Start and Finish date	START (click to tick)	FINISH (click to tick)
	Within 2 weeks of grant notification	2 December 2022
Briefly, describe Project / Activity	<p>1. Replace existing BBQ (in decrepid condiiion) with a large single hotplate model suitable for catering to larger groups.</p> <p>2. Construct a level concrete slab to site the BBQ on for easier use. Current site is sloping.</p>	

ADDRESS CRITERIA

How will your project benefit the Mid-Western Region Community?

(Note: limited number of characters)

The purchase of the BBQ will greatly enhance community connectedness and promote community well being.

The hall has been nominated by the RFS as a Safer Place and this additional cooking venue will assist in feeding those who may seek shelter there and thereby increasing our communities' resilience following the disastrous bushfires of 2019/20 which greatly impacted Running Stream. The greater utilisation of the Hall, and the Reserve in its entirety will support social and broader community recovery.

What is the expected amount of resident participation?

(Please provide no. of estimated participants)

(Note: limited number of characters)

The purchase will be undertaken by the Reserve Land Managers, as will the installation of the concrete slab.

It is anticipated that the entire community will participate in the use of the facilities once installed.

The 2022 census indicated that the population of Running Stream was 120.

What level of consultation and collaboration with other local groups has your organisation undertaken?

(ie what other local community groups are or will be involved in this project?)

(Note: limited number of characters)

This project was previously endorsed by the Trust and the wider community when the Reserve Trust received a federal grant of \$80,000 to upgrade the Reserve to ensure its suitability to provide emergency shelter in times of natural disasters and to increase its utilisation by local residents and community groups.

Outline your organisation's capacity to deliver the Project / Activity OR describe previous experiences.

(Note: limited number of characters)

The current president has vast experience in project management in his previous employment as governor of various correctional centres within NSW.

The current committee undertook and oversaw all work required with the recent upgrade of the hall, toilets and school buildings. This was done successfully and within the specified budget and timeframe.

ADDRESS CRITERIA

How will your project benefit the Mid-Western Region Community?

(Note: limited number of characters)

With the growth of the Mountain Bike Riding sport within the Mudgee region the Mudgee Common is becoming very popular. The MRMTB is a community group that maintains the Mountain Bike trails and promotes the sport within the region. All the trail maintenance is done by volunteer labour and the materials used in these maintenance activities is often provided by the clubs limited funds and members donations. The trail project in particular is to de-commission and re-hab a low lying trail that is subject to soil erosion in wet conditions. The club would like to create a new trail in parallel to this de-commissioned trail on more suitable higher ground. Timber work is required as part of this new trail to straddle creeks and gullies.

What is the expected amount of resident participation?

(Please provide no. of estimated participants)

(Note: limited number of characters)

The Mudgee Common has approximately 200 riders use these trails per week, often youth are in groups of 4 or more enjoying the area getting involved in the sport.

The MRMTB is only a small club but is slowly growing in numbers with the draw of new members with special events and social rides. Please see the link to our club below:

<https://www.facebook.com/MudgeeRegionMTB>

What level of consultation and collaboration with other local groups has your organisation undertaken?

(ie what other local community groups are or will be involved in this project?)

(Note: limited number of characters)

The MRMTB work closely with the MWRC Sport and Recreation and Environmental Departments as the Mudgee Common is a shared area with bushwalkers, botanists and family groups. The MRMTB is very conscious that this is a shared zone and all uses must be respected

Outline your organisation's capacity to deliver the Project / Activity OR describe previous experiences.

(Note: limited number of characters)

The MRMTB has executed a number of trail maintenance projects in the years I have been involved as secretary:

- Replaced flood damaged bridges at Hone Creek
- Installed timber features to remove soil erosion and improve safety on the "Entrance" trail
- Over the years there has been a number of professional trail builders work with the MRMTB to create a wide cross section of trails

ADDRESS CRITERIA

How will your project benefit the Mid-Western Region Community?

(Note: limited number of characters)

We are looking at encouraging new businesses to build a network and establish business connections, and our aim is to help them foster relationships amongst themselves and with existing more established small and medium-sized businesses and other Business Mudgee members. The number of small businesses are growing post COVID and there is a need for these businesses to enter the already established Mudgee business community. The ambition of the guest speakers at our event is to inspire, encourage and empower the men. We would engage speakers to share their own experiences and promote community wellbeing.

What is the expected amount of resident participation?

(Please provide no. of estimated participants)

(Note: limited number of characters)

We believe that 100% of the attendees at the function will be residents of the Mid-Western Region. We would estimate 60-80 guests in attendance.

What level of consultation and collaboration with other local groups has your organisation undertaken?

(ie what other local community groups are or will be involved in this project?)

(Note: limited number of characters)

At this stage this event is being hosted by Business Mudgee. We will work with local groups such as the Men's Shed, Probus, Rotary and Lions Club to encourage their male members to attend the event.

Outline your organisation's capacity to deliver the Project / Activity OR describe previous experiences.

(Note: limited number of characters)

As part of International Women's Day in March 2021 we hosted a Working Women Wellness breakfast event which was a great success. We received very positive feedback from the event and in March 2022 we hosted a WWW luncheon event to enable working mothers to be able to attend the event. Both events were sell out functions with waiting lists.

This event will be a fantastic opportunity for the male business community to connect, network and give them guidance to look after their health.

Briefly, describe Project / Activity	To purchse and instal air conditioning/heating unit in CWA Kandos rooms at 7 Jacques Street, Kandos to assist looking after the community of Kandos and surrounding areas.	

ADDRESS CRITERIA

How will your project benefit the Mid-Western Region Community?

(Note: limited number of characters)

To ensure CWA members can meet and hold events for the community in a climate controlled environment. To ensure the public who hire the CWA rooms can also meet in a climate controlled environment. Kandos CWA rooms are poorly insulated and heating and cooling equipment will assist controlling the vagaries of heat and cold in our rooms. The equipment will assist the CWA Kandos in renting our rooms for other events.

What is the expected amount of resident participation?

(Please provide no. of estimated participants)

(Note: limited number of characters)

A number of groups utilize the CWA rooms - Nan's Eats, Watercolour art classes, Kandos Ukelele group, Rylstone Kandos Pre-School as well as the CWA Kandos group for meetings and events on a regular basis.

The rooms are also hired to the public for private functions.

We are hoping that our rental options may be greater with increased comfort levels assured.

What level of consultation and collaboration with other local groups has your organisation undertaken?

(ie what other local community groups are or will be involved in this project?)

(Note: limited number of characters)

During our meetings we seem to be either cold or hot and the rooms are not conducive to optimum comfort. Other users of the rooms have commented that heating and cooling are not up to standard. We consider that if comfort levels are increased our ability to hire the rooms to other groups and the public will be increased. CWA Kandos have installed a top of the range industrial kitchen that, as yet, does not meet its full potential due to the vagaries of temperatures experienced in the rooms.

Outline your organisation's capacity to deliver the Project / Activity OR describe previous experiences.

(Note: limited number of characters)

The purchase and installation of the unit will be carried out by a licenced contractor - NKB United PAty Ltd as per attached quotation.

ACKNOWLEDGEMENT OF COUNTRY

Mid-Western Regional Council acknowledges the generations of Aboriginal people of the Wiradjuri Nation who have lived within close proximity to the Cudgegong River to derive their physical and spiritual needs. For thousands of years they were, and continue to be, the traditional custodians of these lands.

Mudgee Arts Precinct acknowledges the Mowjee People from the Wiradjuri Nation as the traditional custodians of the land upon which this building stands.

INTRODUCTION

Mid-Western Regional Council recognises the enormous and important role the arts plays in shaping and defining our community. This includes influence over our sense of self and our collective identity within the region. It also recognises that facilitating opportunities for community engagement and participation in the arts can enrich the lives of residents and support the social and cultural wellbeing of the community. Furthermore, a strong cultural program actively creates a strong cultural economy that not only directly benefits the artistic community, but the community in general.

Mid-Western Regional Council is committed to providing arts infrastructure of high quality and actively seeking opportunities to integrate creativity into the many aspects of the region's community life thereby enhancing the liveability of our region.

Recent community consultation and trends indicate the importance and growth of cultural industries in regional areas and highlight the need for a purpose built arts hub within the region. Mid-Western Regional Council

has delivered this key objective with the recent completion of Mudgee Arts Precinct. Stage one, which involved refurbishment of the Cudgegong Chambers and purpose built adjoining gallery and tourism space opened in August 2021 with stage two, the refurbishment of the nearby childcare building into art workshops, educational spaces and collaborative artist work spaces due for completion towards the latter half of 2022.

Through the development of this facility, Mudgee Art Precinct aims to exist as a vibrant and energetic cultural hub, promoting, nurturing and developing the region's creative identity through artistic expression.

This plan outlines a vision for art in the region. It proposes a number of clearly targeted objectives and strategies to facilitate the growth of artistic development. It has been developed in conjunction with community consultation and endorsed by Mid-Western Regional Council for the management of Mudgee Arts Precinct, its gallery spaces, programs, events and activities.

BACKGROUND

Mudgee Arts Precinct is the realisation of years of work from many invested members of the local community and Mid-Western Regional Council. Through the Council's role in supporting arts and cultural development across the region, projects such as the popular Lawson Park Sculpture Walk continue to develop. The growth in popularity in creative tourism through events such as Cementa, Sculptures in the Garden and Clay Gulgong meant the region is capable of a sustained commitment to the cultural sector, further reinforcing the need for an arts centre to support this thriving sector.

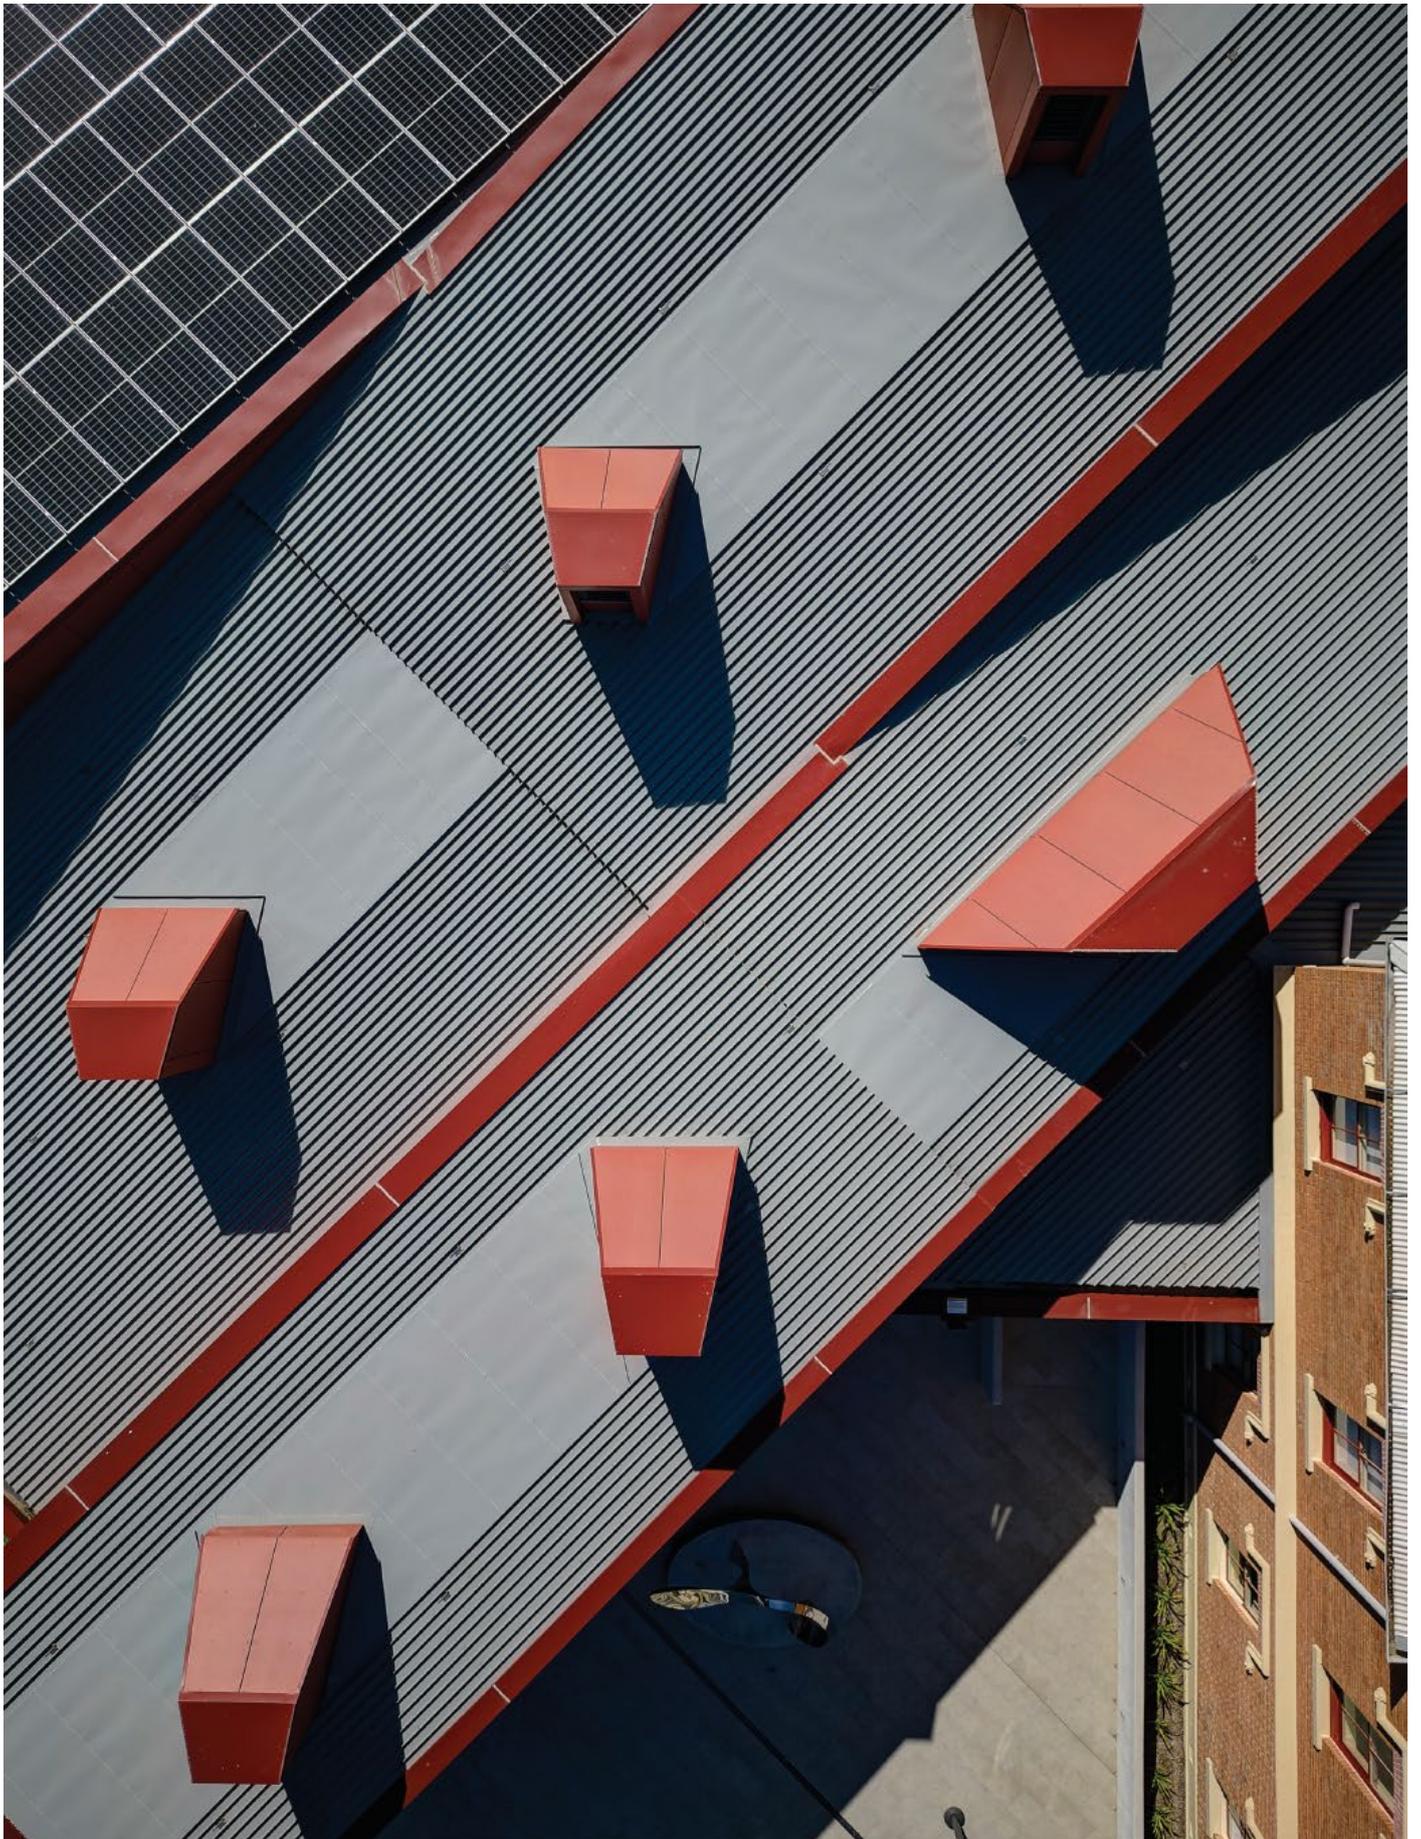

In 2016, the old Cudgegong Shire Building was investigated as a possible site for the proposed art gallery, and in 2019, the State Government donated the former Cudgegong Chambers at 90 Market Street back to Council. Combined funding from the Federal Government's Building Better Regions Fund, the Department of Regional NSW, Create NSW and Mid-Western Regional Council brought the project to fruition.

Following a competitive tender process, BKA Architecture was awarded the tender to design the facility, including the refurbishment and expansion of the existing Victorian building combined with a brand new, state-of-the-art gallery, collectively comprising a gallery, visitor information centre, café and additional community spaces and resources.

Opening in August 2021, Mudgee Arts Precinct was officially launched in November 2021 by the former Arts Minister, the Hon Don Harwin, together with the inaugural exhibition by renowned, Mudgee-born artist, Guido Maestri.

MISSION STATEMENT

To enrich and engage the community through creative and cultural experiences that provide inspiration and delight, whilst expressing and promoting the many diverse stories and voices of our region; past, present and future.
