**2010/11  
ANNUAL REPORT**

## **INTRODUCTION**

It is with a great deal of pleasure that we present the Annual Report of the Mid-Western Regional Council for the financial year ending on 30 June 2011. This has been a very positive year for the Council, with a number of highlights including the development of Glen Willow, the community engagement in our future planning, and our continued drive towards developing community infrastructure.

Roads have been a significant focus of this Council. Key works included the commencement of the Carwell Creek Bridge, a number of rehabilitation works and improving our unsealed road network. However the Council was delayed in a lot of its road works with the December 2010 flood and natural disaster. Some \$9.5 million of damage occurred and Council only received \$4.5 million in compensation. During the past two years Council has taken major strides in its capital works programs, including an increase of more than \$3 million above previous levels of service in road construction and maintenance. The five-year Strategic Plan continues to emphasis roads as a Council priority with the goal of getting all our roads to a standard that you as a community and the travelling public can be proud of and travel over with comfort and ease

A major highlight of the year was Council winning the prestigious Australian Government 2011 National Award for Local Government. Each Council that entered the Awards is judged on a particular project that it submits in one of nine categories. Not only did Council win its category we also won the National Award for Excellence. This is a marvellous achievement for a medium sized Council and something that the community and the Council can be proud for many years to come.

Council finalised the upgrade at the Mudgee Showground with the development of a new pavilion. This pavilion will expand the use of the showground and convert the facility into a truly multi-functional facility for all the community.

Council has finalised the comprehensive Land Use Strategy and the draft Local Environment Plan. Both documents have now been approved by State Government with the latter (draft LEP) on public consultation.

The growth and development of mining in the region still continues to consume a considerable amount of Council time and resources. The four existing coal mines are expanding and there are at least four other coal mines and one silver mine proposed in the next five years. This could lead to a population increase of up to 5,000 people in the region (23%). Council has very little say in the approval of these mines but is left with the continued negotiations and facilitation with Government Departments and developers to ensure the growth of services in our region matches and complements the growth of these large and significant developments.

Council has approved the development of much expanded regional library facilities in Mudgee. This will commence before Christmas 2011. Council's library system has provided our community's residents with an exciting range of new and expanded services including a Broadband for seniors program conducted in partnership with U3A that was recognised as an Australian role model for how to introduce seniors to on-line technology and tutor them on the use of the Internet.

The Mudgee Sewer Scheme development has finally received all the approvals from State Government and work commenced during the year on this new project. The total cost of the Mudgee sewer upgrade including the relocation of the treatment plant from Putta Bucca to the Hill End Road will be \$25 million. Council has also commenced the design of the Kandos, Rylstone, Charbon and Clandulla scheme. The design will be completed in 2011 then Council will commence discussion with the community on the best solution for the community and what is affordable.

**MID-WESTERN REGIONAL COUNCIL  
ANNUAL REPORT 2010/11**

---

Again this 2010/11 year was another successful year for Council. While the experience of the flood was unfortunate and a financial strain, because of the robust financial position of Council and the many years of ensuring we remain financially sustainable we were able to cope with only minor disruption to existing services. We are very proud of what we achieve and place considerable emphasis in exceeding community expectations. We also welcome community feedback on our direction – after all we are here to allocate the resources available to ensure that services we provide are what the community wants.

This Annual Report reviews the Council service to our community during the 2010/11 financial year. We live in exciting and changing times and it is important that an organisation like ours is responsive to community needs and expectations and delivers good quality services. Please enjoy the read.

## **Human Resources Activities**

A major focus during the 2010/11 financial year has been the “onboarding” of new employees with Mid-Western Regional Council. “Onboarding” refers to the way in which new employees acquire the knowledge, skills and behaviours required to effectively contribute in the workplace.

The year commenced with the implementation of the New Employee Induction Program and concluded with the introduction of a New Employee Probation Procedure. The one day Induction Program provides an organisational introduction to Mid-Western Regional Council and is conducted as often as necessary to ensure all new employees have the opportunity to participate during their first three months of employment. In 2011/12 Induction will be supplemented by an Orientation program designed to assist new employees more quickly understand their job, their work team and environment.

The probationary period of employment is vital to both the new employee and the organisation, as a time when both parties determine their suitability for each other. With this in mind, the recently introduced Probation Procedure has a clear focus on providing new employees with regular formal and informal feedback during their first three months with council.

The Positions Vacant section of council’s website was updated to provide prospective job applicants with more information about the recruitment and selection process, conditions of employment, vacancies and how to apply for them.

Learning and development activities during the financial year were again heavily focussed on the acquisition of legally required tickets and licences, particularly for staff working in council’s roads, water and waste, parks and gardens and weeds teams, with almost 30% of the training budget allocated. Almost 60 employees either re-trained or were newly trained in Senior First Aid during the year, furthering council’s commitment to providing employees with the transferable knowledge and skills such a qualification provides.

Following on from last year’s training in performance management, managers and supervisors were provided with targeted training towards managing and leading staff, employee engagement and performance improvement and motivation.

In April 2011 council conducted its fourth Employee Opinion Survey, this year concentrating on the question of employee communication. Feedback from the survey of all staff has resulted in the commencement of a consultation process that focuses largely on communication and information sharing between supervisors and their staff.

## Equal Employment Opportunity Management Plan

**PART 1:      INTRODUCTION**

**PURPOSE**

The purpose of this policy is to ensure that there is accountability and transparency in the reimbursement of expenses incurred or to be incurred by councillors and that the facilities provided to assist Councillors to carry out their civic duties are reasonable.

**OBJECTIVES AND COVERAGE**

The objective of this policy is to provide a guide to Councillor's expenses and facilities, and the process for paying expenses in a way that can be properly recorded, reported and audited.

The policy applies to all Councillors. The Mayor is entitled to specific additional facilities.

**REPORTING REQUIREMENTS**

This policy will be included in the Council's Annual Report. In addition, the total amount of money spent during the relevant financial year through the application of this policy will be reported to the Council quarterly and in the Annual Report.

**LEGISLATIVE PROVISIONS**

Local Government Act 1993

The relevant provisions of the Local Government Act 1993 are set out below:

**Section 252    Payment of expenses and provision of facilities**

- (1)    Within 5 months after the end of each year, a council must adopt a policy concerning the payment of expenses incurred or to be incurred by, and the provision of facilities to, the mayor, the deputy mayor (if there is one) and the other councillors in relation to discharging the functions of civic office.
- (2)    The policy may provide for fees payable under this Division to be reduced by an amount representing the private benefit to the mayor or a councillor of a facility provided by the council to the mayor or councillor.
- (3)    A council must not pay any expenses incurred or to be incurred by, or provide any facilities to, the mayor, the deputy mayor (if there is one) or a councillor otherwise than in accordance with a policy under this section.
- (4)    A council may from time to time amend a policy under this section.

- (5) A policy under this section must comply with the provisions of this Act, the regulations and any relevant guidelines issued under section 23A.

**Section 253 Requirements before policy concerning expenses and facilities can be adopted or amended**

- (1) A council must give public notice of its intention to adopt or amend a policy for the payment of expenses or provision of facilities allowing at least 28 days for the making of public submissions.

- (3) Despite subsections (1) and (2), a council need not give public notice of a proposed amendment to its policy for the payment of expenses or provision of facilities if the council is of the opinion that the proposed amendment is not substantial.

- Circular 02134 - Unauthorised use of council resources.

These guidelines replace Circular 04160 Policy on payment of facilities to the mayor, deputy mayor and other councillors.

### ***Model Code of Conduct***

This is consistent with the Model Code of Conduct for Local Councils in NSW, Department of Local Government, and Council's Code of Conduct which implements the Model Code.

The part of the Model Code headed 'Use of Council resources' is particularly relevant to s252 policies, and is implemented by the Council's Code of Conduct.

This publication is available on the ICAC website at [www.icac.nsw.gov.au](http://www.icac.nsw.gov.au).

## **PRIVATE BENEFIT**

While Councillors should not generally obtain private benefit from the provision of equipment and facilities from the Council, it is acknowledged that Councillors may obtain some incidental private benefit from time to time. Having considered the issue, Council is of the opinion that this incidental private benefit is of such a relatively minor nature that it is not necessary for Councillors to reimburse Council for this incidental private use.
