1. Background

1.1 Local Government Act 1993

Council has a legislative requirement under the *Local Government Act 1993* to ensure that community input is part of the decision making process.

The Act requires Council to establish and implement a strategy (its Community Engagement Strategy), based on social justice principles, for engagement with the local community when developing the Community Strategic Plan.

The Integrated Planning and Reporting Manual, produced by the Division of Local Government, identifies two essential elements for the Community Engagement Strategy:

- 1. As a minimum, the Community Engagement Strategy must identify relevant stakeholder groups within the community and outline methods of engaging each group.
- 2. Due consideration must also be given to the expected levels of service expressed by the community when preparing the Community Strategic Plan.

Through this Strategy, the Council will involve the community to ensure that the Community Strategic Plan reflects the community's ideas, concerns and priorities.

In 2010, a Community Engagement Strategy was developed and implemented utilising various tools. Data collected was used to develop *Towards 2030: Mid-Western Region Community Plan.*

In order to update *Towards 2030: Mid-Western Region Community Plan*, Council is working towards the following timetable:

Table 1: Timetable for Review of IP&R Documents

Action Required	Completed By
Preliminary Engagement Activities	Aug-16
End of Term Report for Outgoing Council	Aug-16
Community Engagement for Newly Elected Council	Feb-17
Revised IP&R Documents	Jun-17

1.2 Towards 2030: Mid-Western Region Community Plan

The *Towards 2030: Mid-Western Region Community Plan* was adopted by Council on 6 June 2013. It sets out where, as a community, the Mid-Western Region wants to be in the year 2030.

The plan was developed following an extensive consultation exercise in which over 3,000 residents participated in varying forms.

It is a future vision developed collaboratively between the community and Council and represents the aspirations of the people who live and work within the Mid-Western Region and strategies for achieving these goals.

Towards 2030: Mid-Western Region Community Plan is Council's highest level strategic plan and addresses four key questions for the community:

- 1. Where are we now?
- 2. Where do we want to be in 2030?
- 3. How will we get there?
- 4. How will we know when we have arrived?

A Resourcing Strategy including Long Term Financial Plan, Workforce Strategy and Asset Management Planning together with a Delivery Program, Operation Plan and Annual Report completes the Integrated Planning and Reporting framework. The Community Strategic Plan is framed by five key themes, each of which has a number of goals:

- THEME 1: LOOKING AFTER OUR COMMUNITY
- A safe and healthy community
- Vibrant towns and villages
- Effective and efficient delivery of infrastructure
- Meet the diverse needs of the community and create a sense of belonging
- THEME 2: PROTECTING OUR NATURAL ENVIRONMENT
- Protect and enhance our natural environment
- Provide total water cycle management
- Live in a clean and environmentally sustainable way
- THEME 3: BUILDING A STRONG LOCAL ECONOMY
- A prosperous and diversified economy
- An attractive business and economic environment
- A range of rewarding and fulfilling career opportunities to attract and retain residents

THEME 4: CONNECTING OUR REGION

- High quality road network that is safe and efficient
- Efficient connection of the region to major towns and cities
- THEME 5: GOOD GOVERNMENT
- Strong civic leadership
- Good communications and engagement
- An effective and efficient organisation

2. Purpose

Council is required to review its Community Strategic Plan every four years. In order to meet this requirement and ensure the *Towards 2030: Mid-Western Region Community Plan* remains relevant and is updated appropriately, a revised Community Engagement Strategy must be prepared.

This document provides the revised Community Engagement Strategy which will:

- Establish the community engagement process that will be undertaken in reviewing and updating the Community Strategic Plan in accordance with the requirements of the Integrated Planning and Reporting Framework.
- Ensure that this process is implemented by Council during planned community engagement activities.
- Ensure that decision making takes into account the outcomes of community engagement.
- Ensure that the community is kept informed of decisions emanating from the community engagement process.

3. Key Messages

The revised Community Engagement Strategy includes activities which will educate the community about the review process, and request feedback from the community which reflects its main priorities.

This dual-objective approach will ensure that the information collected is both valuable and relevant in informing the review of the Community Strategic Plan.

4. Community Engagement Process

The process of community engagement plays a critical role in the ongoing review and development of the Community Strategic Plan and Council's associated Integrated Planning and Reporting documents. The information obtained during community engagement will help inform the newly elected Council in setting their key strategies and actions over the next 4 years.

4.1 Summary of Engagement Tools and Timing

The following table provides a summary of the community engagement process and identifies the tools that will be used to inform the review of the Community Strategic Plan and associated Integrated Planning and Reporting documents by 30 June 2017.

Table 2: Community	Engagement	Tools and	Timing
--------------------	------------	------------------	--------

Phase	Tools	Proposed Timing
Preliminary Engagement	Community Wide Survey Stakeholder Workshops	May - Jul 2016
Community Engagement for Newly Elected Council	Community Roadshow Permanent Displays Direct Mailout Online Engagement	Dec - Feb 2017
Analysis of Community Engagement	Post Engagement Report to Council	Feb - Apr 2017
Public Feedback on Draft IP&R Documents	Public Exhibition for 28 Days Post Exhibition Report to Council	Apr - May 2017
Adopt Revised IP&R Documents	Report to Council	Jun-17

4.2 Description of Community Engagement Tools

Provided below is a brief description of the engagement tools that will be used to conduct community engagement between November 2016 and June 2017.

COMMUNITY WIDE SURVEY

As part of the preliminary engagement phase, a community wide telephone survey was conducted by Micromex Research Consultants on behalf of Council in May 2016.

The survey sought to examine community attitudes and perceptions towards current and future services and facilities provided by Council. The survey was designed to engage all sectors of the community and capture data which provides a statistically significant representation of the community's attitudes and perceptions.

STAKEHOLDER WORKSHOPS

Also as part of the preliminary engagement phase, feedback was sought from key stakeholders with a series of workshops focused around the 5 key themes in the Community Strategic Plan. Stakeholders were asked to provide feedback in relation to the levels of importance and satisfaction with the underlying strategies for each of the key themes.

COMMUNITY ROADSHOW

An integral part of the community engagement process for the newly elected Council will be a Community Roadshow which will be held across the region during the month of December.

The Community Roadshow will involve a portable display being assembled in each of the main towns of Mudgee, Gulgong, Kandos and Rylstone in a prominent position to capture pedestrian traffic. The portable display will act to inform and engage the community increasing general awareness of the Community Strategic Plan whilst providing information and feedback to Council. There will be a range of participatory activities which the community will be able to use to reveal their key priorities and engage with Council staff.

The mobile library service will also be used to provide access to the Community Roadshow for residents in the villages.

PERMANENT DISPLAYS

Each of Council's Administration Centres/Libraries will host a permanent display over the 3 month period of community engagement. These displays will include signage and activities for the community to complete whilst they are visiting Council's offices and buildings.

DIRECT MAILOUT

A direct mailout to residents (either through Community News or separately sent) will provide another outlet by which residents can participate in the community engagement process and have their say.

ONLINE ENGAGEMENT

A number of activities will be available through Council's website. These activities will be closely aligned to the Community Roadshow activities, and will help ensure that the community engagement process reaches a broad cross-section of the community.

PUBLIC EXHIBITION

All of the draft IP&R documents will be placed on public exhibition for a period of 28 days prior to being formally adopted by Council by 30 June 2017. The public exhibition period will allow residents to review the draft documents and make public submissions.

4.3 Description of Community Engagement Activities

Provided below is a brief description of the main engagement activities that will be used to conduct community engagement between November 2016 and June 2017.

BEAD EXERCISE

The Bead Exercise was utilised during the community engagement process for the 2013 Community Plan. This exercise involves the community utilising a handful of coloured beads and allocating them between different themes or projects reflected in the Community Plan (as represented by 5 glass jars).

MY TOP 5 EXERCISE

The My Top 5 Exercise will provide an opportunity for the community to indicate their "wish list" for Council to invest in new major projects. These major projects may be either infrastructure or services and are typically of a large dollar value. They may be made possible either through large grants, developer contributions and/or borrowings.

The exercise will feature visual display boards with up to 50 examples of major projects for the community to choose from. The community are asked to pick their Top 5. These choices will then be recorded so that Council can derive a list of the community's top priorities if funding opportunities arise in the future.

POSTCARD EXERCISE

The Postcard Exercise was also utilised during the community engagement process for the 2013 Community Plan. It was an activity that was well received by the community because it was easy to participate and catered for all ages (ie. children and adults). The postcard will include some targeted questions this time to prompt the community in their responses about what they like most about living in the region and what they would like to improve about living in the region.

ONLINE SURVEYS

Online surveys will also be utilised to reinforce the information that the face-to-face exercises are designed to capture. Providing access to online activities will allow members of the community who do not come into Council offices or buildings, or miss the Community Roadshow at one of the various locations to participate. Online surveys can also be tailored to ask targeted questions regarding service levels or budget allocations as issues are raised during the community engagement process.

OPEN FEEDBACK FORM

Open feedback forms which are specifically designed to capture information in relation to the Community Plan will be available throughout the community engagement process. This will allow the community to document any other feedback or issues that they feel has not been addressed or is relevant for consideration by Council.

4.4 Promotion of Engagement Activities

The opportunity for the community to actively participate in the review of the Community Strategic Plan will be widely promoted. The main avenues for promotion will include:

- Local Media promotion through local media to encourage participation and educate the community about the process of reviewing and developing the Community Strategic Plan.
- Website Council's website will provide an important information outlet with links to online activities and details about the timing and locations of the Community Roadshow. The website will also help educate the community about the key themes and relevant documents comprising the IP&R framework.
- Community News Community News will feature regular updates about the engagement activities being undertaken and reminding residents about the importance of capturing the views of a broad cross-section of the community. Community News can also be used as a direct mail tool to encourage participation in and completion of activities.

• **Social Media** – Council's Facebook page will help reinforce educational messages and encouraging participation in the review of the Community Strategic Plan. It will highlight key dates for the Community Roadshow and provide links to online engagement activities.

5. Stakeholders

The Office of Local Government's Integrated Planning and Reporting Manual requires Council to identify relevant stakeholder groups and the method that will be used to engage each group. The following table lists the range of stakeholder groups and identifies the activities that will be used to engage each group.

	Workshops	Phone Survey	Community Roadshow	Permanent Displays	Direct Mail Out	Online Engagement
