Development Application - PAN-250774

To whom it may concern,

Re: Additional information requested – Request variation to DCP

Further to our recent application for a shed to be built on our property at 844 Castlereagh Hwy Menah NSW 2850.

As we do not have a garage attached to the house this shed will be used as our every day garage for our cars if it is moved back 20m off boundary due to site conditions/slope of ground it would restrict a safe turning circle and would restrict drive way access. Moving it back will also encroach on the existing plumbing that goes from the house to the water tank.

I hope that you will consider our request to have it 15m off the boundary. Having it 15m off boundary will not impact any neighbours.

Kind regards

Neil Howland
