

DESCRIPTION OF USE FOR GROUP HOME

23/11/2022

The Old Stables building will be used for our Beragoo guests (we are an approved group home providing respite, day and after school programs supporting with people disabilities), giving more all-weather space: as a games room, day room, lounge room.

The additional room that would attach to the Old Stables building would have kitchenette, bathroom and storeroom.

We currently run everything out of our Homestead and as our business grows, we need more space and options to serve food and have bathroom facilities.
