To whom it may concern,

Re: Variation to Development Control Plan – Size increase

Regarding our application for a farm shed to be built on our property at 6580 Ilford Sofala Road, Ilford NSW 2850 we are requesting for the size increase for the following reasons:

1. To securely house our farming equipment, tractors, spray units, stock truck
2. Storage of chemicals (extensive weed spraying operations)
3. To shear sheep in providing amenities for shearers & workers
4. Shearing sheep – keep wool bales out of the weather and safe
5. To provide an area where we can work on our machinery out of the weather on a safe level area

Kind regards
Rodney & Melanie Moore
