REPORT BY THE ACTING CHIEF FINANCIAL OFFICER

TO 20 APRIL 2022 ORDINARY MEETING

GOV400087, GOV400047, GOV400098

RECOMMENDATION

That Council:

- 1. receive the report by the Acting Chief Financial Officer on the Policy Review - Procurement Policy ;**
- 2. accept a minor amendment to raise the purchase requirements of goods and services under \$3,000 to \$5,000 within the revised Procurement Policy ; and**
- 3. adopt the revised Procurement Policy.**

Executive summary

This report recommends a minor change to the Procurement Policy as placed on Public exhibition recently. The change recommends that the purchasing requirement for goods and services under \$3,000 be applied to those at a value of \$5,000 and under. This would see this purchasing category limit remain as it was previous to the policy review.

Detailed report

A review of Council's Procurement Policy was undertaken, and presented to the meeting of 16 February 2022. Following a period of public exhibition there were no public submissions, however a small error was noticed and a correction is recommended. This correction is shown in track changes of the attachment 1 to this report. The reduction of the purchasing limit was not intended nor highlighted to the Council. This revision will see the policy limit stay at the previous point being \$5,000.

Policy

In entering into contracts for the carrying out of work, or the supply of goods and services, Council officers will have regard to Mid-Western Regional Council's purchasing objectives as set out above.

Every effort should be made to ensure businesses operating within the Mid-Western Regional Council area are given an opportunity to quote.

The general objectives of this policy apply to all purchases regardless of whether payment is made via traditional Accounts Payable processes, petty cash or corporate purchase cards.

Those persons/organisations providing goods and services to Council shall be considered to be agents of Council and shall be required to comply with Council's relevant policies.

Breach of the requirements of this policy may result in disciplinary action.

Training of Staff

Staff involved in the procurement of goods and services will be appropriately trained in the relevant procedures to be followed.

Delegation of Authority

The General Manager has delegated authority to incur financial expenditure on behalf of Council under the following provisions:

- Where expenditure has been provided for in Council's budget; or
- to respond to an emergency, community safety issue or potential public liability issue at a cost not exceeding \$250,000;

The General Manager is authorised to enter into contracts on behalf of Council within the expenditure delegation authorised. The Delegation of Authority for the General Manager at item 3.2 allows the General Manager to accept Council tenders with a contract value of up to \$3,000,000 or a contract entered into through a prescribed entity tender, where all other tender requirements of section 55 of the *Local Government Act 1993* and Part 7 of the *Local Government Regulation 2005* are met.

Other Council Officers may only incur expenditure on behalf of the Council if:

- The Officer has been granted a financial delegation by the General Manager and such delegation is recorded in the Delegations Register; and
- The expenditure is provided for in Council's budget; or
- In the case of genuine emergency or hardship where the power to incur expenditure in these circumstances has also been delegated.

Council Officers may only receive an expenditure delegation greater than \$1,000 where the Officer has completed appropriate training or has relevant experience which, in the opinion of the General Manager, qualifies the Officer to the delegated level.

Any Officer incurring expenditure may only do so in accordance with any constraints imposed by the Council or the General Manager in respect to a financial delegation.

POLICY: PROCUREMENT POLICY

Formatted: Font: 9 pt, Bold, Font color: Accent 1, English (Australia)

The General Manager has authority to approve exemption from Procurement threshold requirements, as appropriate. The General Manager may delegate this authority. Exemptions are only to be granted where exceptional circumstances exist that would not allow for the minimum procurement requirements (eg 2 quotes). Exemption management processes will be defined in Councils Purchase of Goods and Services Procedure.

Splitting of Orders

Council Officers are prohibited from splitting orders for the purposes of acquiring goods or services above their delegated financial and procurement levels, or to avoid the necessity to obtain quotes or call for tenders.

When party to a trade-in on goods, the delegated level of authority will be used for the purchase price of the goods not the purchase value less the trade in price.

Promotions & Incentives

The offering or acceptance of promotional goods, rewards, benefits or any other form of incentive in relation to the purchase of goods and services is strictly prohibited. Refer to Part 6 of Council's Code of Conduct.

Allocation of Funds

Apart from delegated authority to purchase, it is essential that funds are made available for a purchase prior to any commitment being entered into. A budget allocation must have been made by Council in the Operational Plan or subsequent reviews for the purpose to which the proposed expenditure applies.

For special projects, contribution works, and grant works not specifically detailed in the Operational Plan, approval to purchase is dependent upon the funds being available. These funds must either be received or committed in writing by the funding body and accepted by Council.

For any job which exceeds the preliminary estimate by more than an immaterial amount, initial approval for works to commence must be given by the General Manager and reported to Council via the Quarterly Budget Review process.

Budget allocations are provided for a purpose. Expenditure contrary to this purpose, (such as using a budget in one area to cover another, or using a recurrent budget to fund a capital purchase and vice versa), must be approved initially by the General Manager and then reported to Council via the Quarterly Budget Review process.

Aggregation of Requirements

Council has the opportunity to utilise contracts offered by Prescribed Entities (Local Government Procurement & Procurement Australia). Council Officers are encouraged to seek opportunities to aggregate purchases within these alliances as well as other groups when applicable.

Local Service Providers should be encouraged to submit a quotation or tender in these circumstances (with the Prescribed Entities), and advertising of such tenders or expressions of interest in locally circulated media (Community News, Mudgee Guardian) is essential.

Purchases may be made via corporate credit cards or out of petty cash except as defined otherwise by the General Manager. Tendering

Section 55 of the Local Government Act 1993, in conjunction with the Local Government (General) Regulation 2005, provides the legislative framework that promotes the consistent use of good practice standards in local government tendering in a manner that is clear, consistent and readily accessible to all persons.

Tenders will be called for the provision of goods and or services that exceed \$250,000 in value (including GST). Exceptions may apply in certain circumstances as provided by section 55(3) of the Local Government Act 1993.

Whenever Council is required by section 55 of the Local Government Act 1993 to invite tenders before entering into a contract, Council must decide the tendering method to be used. The options are:

- The open tendering method by which tenders for the proposed contract are invited by public advertisement;
- The selective tendering method by which invitations to tender for a particular proposed contract are made following a public advertisement asking for Expressions of Interest;
- The selective tendering method by which recognised contractors selected from a list prepared or adopted by Council are invited to tender for proposed contracts of a particular kind.

The General Manager must approve the selective tendering methods prior to advertising (as an alternative to the open tendering method). The General Manager must also approve those selected tenderers from the Expression of Interest prior to undertaking the selective tender process.

- Or, Accessing a Standing Offer Arrangement (SOA); accessing a Preferred Supplier Arrangement (PSA); or accessing a Pre-qualified Supplier Arrangement

Part 7 of the Local Government (General) Regulation 2005 outlines the requirements for tender processes. The legislation and regulations should be complied with in all instances.

Council has a detailed Tendering Toolkit to guide Officers through the tendering process. This toolkit must be used for all tenders conducted by Council.

Tenders should be evaluated based on Council's purchasing objectives as well as but not limited to previous performance of contractors.

An instrument of engagement must be used when procuring goods and/or services via a tender. For example a formal contract or Instrument of Agreement. The terms and conditions relevant to this procurement must be made evident during the tendering process (attached to tendering documentation).

The instrument of engagement must include any proposed retention, bank guarantee requirements, payment milestones or any other conditions. The instrument of engagement must be agreed upon with the successful applicant (and signed) prior to the issuance of purchase order.

Accessing tenders through external organisations & prescribed entities

Council has the option to access tenders conducted by external organisations. This practice eliminates the need for Council to tender as an individual when there is demonstrated value for money from our alternatives due to a 'bulk buy' methodology.

POLICY: ~~PROCUREMENT POLICY~~PROCUREMENT POLICY

Formatted: Font: 9 pt, Bold, Font color: Accent 1, English (Australia)

Council can access current tenders listed with Local Government Procurement (Prescribed Entity), Procurement Australia (Prescribed Entity), Regional Procurement & Centroc (Central NSW Councils) by following the relevant participation procedures. Council is not limited to utilising tender arrangements as sought by the abovementioned organisations and is encouraged to utilise the most effective method of Tendering for Council's purchasing objective.

Council have the capability to compare pricing and if an alternative is deemed better value for money than we are capable of obtaining as a single organisation we may utilise these alternatives. Considerations must also be given to Contract terms and conditions of the alternative tender to ensure the needs and expectations of Council are met

When Council participate in an external organisations tenders the project manager should assess the qualification criteria including compliance, standing offer deed, specifications and any evaluation criteria if available. Considerations must also be given to contract terms and conditions of the tender to ensure the needs and expectations of Council are met.

When accepting a tender conducted by an external organisation appropriate approvals must still be sought from either Council or the General Manager, depending on estimated contract value.

When Council utilise tenders from Prescribed Entities, an approved panel of Service Providers is supplied, Council may choose to do business with one or all of the Service Providers. Where Council spend for any one quote is estimated to exceed \$250,000, and prior to approaching the panel of approved service providers, Council staff must obtain permission to proceed from the Manager Procurement & Fleet or the CFO through Council's Procurement Evaluation Plan and the relevant Director. Once this documentation has been completed and approved, Council staff approach the appropriate approved Service Providers (via appropriate formats i.e. e-quoting portals) to provide a quote under the conditions of tender by the Prescribed Entity for the goods/services required. Council are able to engage suppliers directly (without obtaining quotes), however this is not encouraged.

The Local Government (General) Regulation 2005 and the Tendering Guidelines for NSW Local Government must still be considered during the evaluation phase of the responses from the request for quote. The same responsibilities apply to a tender with regards to the security of documentation and pricing as well as commercial in confidence information.

The evaluation of the responses (quotes) must align to the methodology stated in the approved Procurement Evaluation Plan. An Approval Memorandum must be submitted to the General Manager for acceptance of the recommended applicant unless delegated otherwise.

Amending Tendered Rates

Tendered rates cannot be amended mid-contract unless the original tender documentation and contract specifically permits rate increase considerations and/or variations. All requests for rate increases must be made in writing to the appropriate Council delegate and must not exceed the most recent annual CPI rate increase (nearest quarter) All Groups (or the rate specified in the tender/contract).

All approved increases must be responded to in writing from Council's delegate.

Conflicts of Interest

Council officers or delegates are required to report any identified relationships that could be actual, potential or perceived conflicts of interest both pecuniary and non- pecuniary. A relationship must be reported as it is identified, whether that be before or during any procurement activity, during a contract term, or as a conflict arises. It is the responsibility of the Council officer or delegate to make

the appropriate persons aware (as per the Code of Conduct) of the relationship and complete a 'Conflict of Interest Declaration' form. It is at the discretion of that delegated person in the Code of Conduct to make determination on the conflict.

- The supply of fuel and oils

- Electricity supply
- Telecommunications

Tenders for casual plant hire will be publicly advertised as required. Quotations for capital works and/or any other works will be sought from these Service Providers via VendorPanel.

Tenders for casual hire of trade services will be publicly advertised as required. The advertisement will call for pre-qualified Service Providers of trade services for projects and routine maintenance required to be carried out by Council on an 'as required' basis. Work Health & Safety Management and Workplace Injury Management

Mid-Western Regional Council assigns a high priority to the continuous improvement of work health and safety and workplace injury management.

Council is responsible for:

RISK ASSESSMENTS

A purchasing risk assessment must be undertaken for all items/goods with regards to its potential use at the workplace. Supporting documents are available on Council's Intranet. In undertaking the risk assessment, the following factors are to be considered:

- Manner in which it is to be used and the suitability of the item for the purpose
- Hazards and risks presented by the item (including biological and chemical products) to be purchased
- Potential impact on affected personnel
- Transport, Maintenance, Cleaning and Storage
- Any associated needs (e.g. appropriate firefighting gear) should an emergency with the item occur

- The need for personal protective equipment(PPE)
- Technical data or information required
- Opinions of the users of the item
- Hazards and risks associated with compounds used in operating, maintaining, cleaning, transporting and storage of the items
- Environmental impact of disposal of waste arising from the above

All risk assessments are to be documented in Council's record system and undertaken in consultation with employees/ workers who may be affected by the purchase. All records of assessments, and details provided by the service provider shall be maintained in a file by the originator of the purchasing request or the life of the equipment and updated when any modifications are carried out. Previous records of assessments are to be archived as appropriate.

PLANT & EQUIPMENT

In respect to the purchase of plant and equipment including furniture, the Service Provider will be requested to provide information regarding the hazards associated with the items and recommended controls to manage these hazards.

Suppliers of second-hand plant are specifically required to inform purchasers of any reasonably identifiable faults in the plant.

All plant and equipment must comply with all relevant Australian Standards.

HAZARDOUS SUBSTANCES

The Safety Data Sheets (SDS) and instructions for use for all hazardous substances must be obtained before the purchase of hazardous substances.

All substances must meet labelling and usage requirements of WHS legislation, standards and codes of practice. From January 2017 all Service Providers must be compliant with Global Harmonisation System (GHS) for chemicals. This includes Pictogram Identification on all labels and documents

Any associated emergency control equipment including correct type of fire-fighting equipment and spill control is to be considered (re. Transport, use and storage) in the purchase of a hazardous substance.

PERSONAL PROTECTIVE EQUIPMENT [PPE]

Prior to purchasing PPE, consideration on whether other forms of hazard control from higher up the hierarchy of hazard control can be implemented needs to be taken into account.

All personal protective equipment must comply with relevant Australian Standards. Since PPE is personal, when purchasing the individual needs of staff MUST be considered. Such needs will include, but not be limited to, individual body size, impairments, capabilities etc.

All employees/workers – including managers – associated with PPE, require training in correct selection, fitting, use, maintenance and storage of the PPE

PRE - PURCHASE TRIALS

Trials of equipment and substances including PPE will be undertaken where reasonably practicable, providing an opportunity for monitoring by relevant personnel and management to ensure that no previously unforeseen hazards arise during use.

Trials should also ensure consultation where appropriate e.g. the introduction of new types or brands of PPE.

Feedback from the trial is to be recorded on the Purchasing Risk Assessment (HRWHS 025).

MAKING A DECISION TO PURCHASE

If after the risk assessment, trials and/or the provision of information from the potential Service Provider, the level of risk associated with the item to be purchased cannot be controlled and is not acceptable, the item is not to be purchased. An alternate item is to be sourced and the process started again.

Definitions

SOA - Standing Offer Arrangement

- An agreement where the Service Provider allows Council to purchase goods and services at a set price for a set period of time

PSA - Preferred Supplier Arrangement

- An agreement where the Service Provider allows Council to purchase goods and services at a set price for a set period of time, however, Council place Service Providers in a preferred order. This particularly relates to Wet & Dry Plant Hire and also Trades lists (to name a few). Lists are tendered for and Service Providers are numbered from 1 to say 5 during the evaluation process. In the first instance Council must contact the number 1 Service Provider and if unavailable contact number 2 on so on.

PQA - Pre-Qualified (Prequalification) Arrangement

- An agreement where Council create panels for regularly used goods or services, these may or may not be tendered for. Panels are created in VendorPanel (Councils' e-quoting portal) and Service Providers must meet Council's compliance requirements to be accepted. Prequalification panels allow Service Providers to nominate rates at time of quoting, any tendered rates are only used for tender evaluation, and therefore they may also be amended during the quoting process.
- This option allows Council to capture minimum compliance options for regularly used services providers as well as allowing service providers to present up to date pricing. The opportunity and potential for Council to obtain better value for money by creating a more competitive market is increased.

Prescribed Entity

- Any organisation that is specified in the Local Government (General) Regulation, Section 163 is recognised as a Prescribed Entity therefore approval is not required for acceptance of tenders sought from those specified.

VendorPanel

- Council's electronic quoting (e-quoting) portal

Council's VendorPanel Local Market Place

- VendorPanel Marketplace is an e-quoting portal enabling Council employees to directly contact businesses that Council may not utilise regularly or require tenders for, but may employ from time to time.

Public Advertising

Public advertising may include:

- Local and Sydney newspapers
- Approved Electronic Tendering & Quoting Portals (all service providers must be selected)
- Social Media
- Council's Website

Contracts

- A contract is a legally binding agreement that sets out the rights and duties of the parties involved. Typical contracts entered into by Mid-Western Regional Council include the provision of building maintenance & construction, construction of civil works, supply of goods and
