Attachment 1 and 2 outline the requests and recommendations for funding.

Community Plan implications

Theme	Building a Strong Local Economy
Goal	An attractive business and economic environment
Strategy	Promote the region as a great place to live, work, invest and visit

Strategic implications

Council Strategies

Applications for Events Assistance are required to have clear linkages to the Community Plan Towards 2040 outcomes. This includes promoting the region as a great place to live, work, invest and visit. By supporting events that provide opportunities for local and visitor attendance, this increases visitation to the region and provides social and economic benefits to the region.

Council Policies

Events Assistance Policy – applicants are required to meet the eligibility criteria of the policy including attracting visitors the region.

Legislation

The Local Government Act 1993, Section 356, states: (1) a council may, in accordance with a resolution of the council, contribute money or otherwise grant financial assistance to persons for the purpose of exercising its functions.

Financial implications

Funding of \$50,000 was provided in the 2022/23 Operational Plan for Events Assistance. Based on the scoring system above, the recommendation of staff is to provide \$7,000 in Events Assistance. An additional \$32,684 has been previously allocated through multi-year funding and from events previously approved in Period 1. This leaves a balance of \$10,316 in Events Assistance.

Associated Risks

It is important for Council to provide support to these planned events in order to help encourage visitors to the region and help stimulate the tourism economy. If Council does not support these events, there is a risk that they may not go ahead in the future or that they are held at another location and therefore, there is the potential of further lost economic benefits to the Mid-Western Region.

There is also a risk that an applicant provides false or fraudulent information in order to benefit from the program. This risk is minimised by the clear and transparent policy, process for approval, and feedback requirements of the program.
