

## Item 6: Notices of Motion or Rescission

---

### 6.1 Henbury Golf Club Stormwater

NOTICE OF MOTION LISTED BY CR PETER SHELLEY  
TO 19 JULY 2023 ORDINARY MEETING  
GOV400103, A0100035

#### **MOTION**

**That Council supply the Henbury Sport and Recreation Club 6m of 600mm stormwater pipe to assist with the management of urban stormwater.**

**The cost of delivery and supply at \$1500 to be funded through the Drainage Maintenance budget.**

---

#### Background

The Henbury Sport and Recreation Club is a community club and if this motion is approved it will greatly assist in the club managing urban storm run-off originating from outside its boundaries. This stormwater makes access to their maintenance shed difficult during periods of wet weather and therefore maintenance of this community run facility difficult to maintain.

#### Officer's comments

Staff have met with the Henbury Sport and Recreation Club and agree the supply of pipe will assist to alleviate the problem they are experiencing as described above.

The budget proposed accurately reflects the costs of the pipe and the drainage budget has adequate funds to cover this cost without affecting Council's drainage maintenance program.
