Forward

Welcome to Council's Delivery Programme 2014-17 and incorporating the 2014/15 Budget and Operational Plan. This is our third year working in the new legislative framework implemented by the State Government and the document reflects the priorities identified in the Community Plan. This document should be read in conjunction with the 10 year Community Strategic Plan and the Resourcing Strategy.

Our focus as a Council is to address the community feedback received from the consultation we undertook with the Community Plan in 2011 and 2013. That feedback requested that Council should focus resources on construction and maintenance of infrastructure, in particular roads.

Council is however restricted by State Government legislation to a rate cap which this year is set at a 2.3% increase in general rate revenue. Council has included in this plan that the mining category properties should absorb all of this rate increase and that the rates for residential, farming and business remain the same as the 2013/14 financial year.

Council remains in a strong, sustainable financial position. It is important to us as a Council that we retain that good financial position so that future Councils can continue to provide excellent services and growth to our community.

The following is a brief summary of the major initiatives of this plan:

Roads

ULAN ROAD STRATEGY

Council will continue with the upgrades to Ulan Road. The Ulan Road Strategy is a four and a quarter year capital improvement programme, being undertaken by Council and funded in collaboration with the mines and State Government, to upgrade the standard of Ulan Road leading to an improvement in driving conditions and safety.

COPE ROAD

Council has been successful in obtaining \$6.9 million from State Government for the upgrade and widening of Cope Road. The traffic on Cope Road has significantly increased in recent years due to commuter traffic associated with the operations of coal mines. Council has developed a three year programme commencing 1 July 2014 for this road upgrade.

FAIRYDALE LANE

Council has attributed \$800,000 to a realigned and upgraded Fairydale Lane to facilitate better access to the new areas of Bellevue and Caerleon.

REHABILITATION (ROADS)

- Henbury Avenue Kandos

Mid-Western Regional Local Government Area

Overview

Adopted by Council, the Mid-Western Region Community Plan Towards 2030 is Council's highest level strategic plan. The outcomes of the plan not only determine the priorities for the region into the coming years but the services and projects Council will focus on in that time. A Resourcing Strategy including Long Term Financial Plan, Workforce Strategy and Asset Management Planning together with a Delivery Programme, Operational Plan and Annual Report complete the reporting framework.

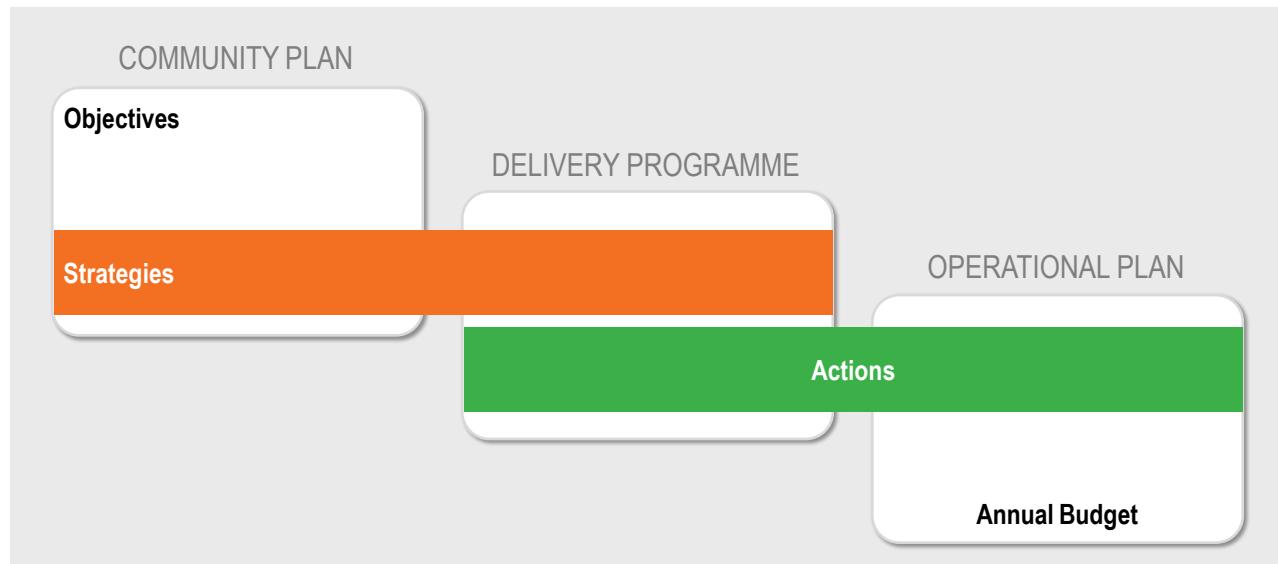

The Delivery Programme details all of the principle activities Council will undertake to achieve the goals established in the Community Plan. The Operational Plan has been integrated into the Delivery Programme and sets out the annual projects and activities to which Council are committed and includes detailed budgets for the projects and services identified under each theme, together with the measure and timeframe.

Council's activities identified in the Delivery Programme/Operational Plan are underpinned by the Resourcing Strategy. The Resourcing Strategy includes:

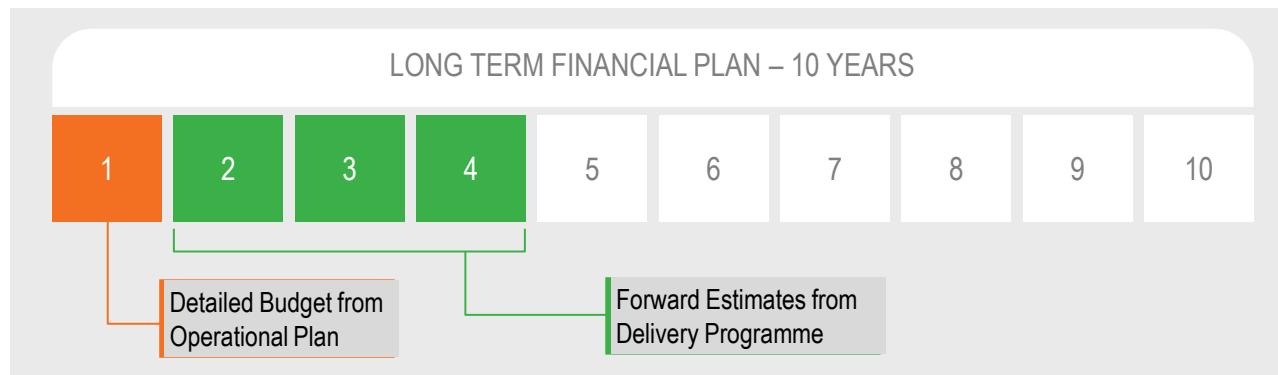

- Long Term Financial Plan (10 Years)
- Workforce Plan (4 Years)
- Asset Management Strategy (10 Years)

The role of the Resourcing Strategy is for Council to demonstrate that it can meet the commitments made in the Delivery Programme/ Operational Plan.

The following diagram illustrates the relationship of the various plans in the planning framework.

The Operational Plan includes a detailed budget of the activities that are to be undertaken each year to achieve the outcomes of the Delivery Programme. The relationship between the Delivery Programme/Operational Plan and Long Term Financial Plan are illustrated in the diagram below.

Delivery Programme and Operational Plan Structure

Council's Delivery Programme and Operational Plan has been prepared in accordance with Sections 404 and 405 of the Local Government Act and details the principal activities to be undertaken by the council to implement the strategies established by the Community Plan within the resources available under the Resourcing Strategy. The hybrid plan also identifies the detailed annual budget for 2014/15, and estimates for the three years after that.

The Delivery Programme has a fixed four year term aligned with the election cycle and is reviewed by the incoming Council within 9 months. Council's Operational Plan details the activities which Council will undertake in the proceeding 12 month period consistent with the broad framework identified in the Delivery Programme and goals of the Community Plan. Council has combined the Delivery Programme and Operational Plan into a single hybrid document. This document represents the second Operational Plan under the four year Delivery Programme adopted by Council.

Council delivers services through three Directorates – Mid-Western Operations; Finance and Administration; and Development and Community Services. The Community Plan identified a number of goals, strategies, and actions around five key themes. The Delivery Programme/Operational Plan has been structured to provide the detailed activities that will be undertaken over the coming 4 years with detailed activities identified for the coming 12 months. Given the relatively small size of the organisation relative to the range of deliverables, there is often overlap between Directorates and Functions (Services) in the delivery of outcomes identified in the five themes in the Community Plan.

This document encompasses the annual budget and works towards the realisation of strategies into actions as identified under each of the five themes of the Community Plan as follows:

THEME	GOAL
Looking after our Community Vibrant towns and villages with a rich history, a safe and healthy community, and a strong sense of community pride – a great place for families	Goal 1.1: A safe and healthy community Goal 1.2: Vibrant towns and villages Goal 1.3: High quality sustainable development Goal 1.4: Effective and efficient delivery of infrastructure Goal 1.5: Meet the diverse needs of the community and create a sense of belonging
Protecting our Natural Environment Conserving and promoting the natural beauty of our region	Goal 2.1: Protect and enhance our natural environment Goal 2.2: Provide total water cycle management Goal 2.3: Live in a clean and environmentally sustainable way
Building a Strong Local Economy A prosperous and diversified economy delivering lifestyle benefits to the community through employment, income and sustainable economic growth	Goal 3.1: A prosperous and diversified economy Goal 3.2: An attractive business and economic environment Goal 3.3: High quality sustainable development Goal 3.4: A range of rewarding and fulfilling career opportunities to attract and retain residents
Connecting our Region Linking towns and villages across our region, and connecting our region to the rest of NSW	Goal 4.1: High quality road network that is safe and efficient Goal 4.2: Efficient connection of the region to major towns and cities

THEME

GOAL

Good Government

A strong council that is representative of the community and effective in meeting the needs of our people

Goal 5.1: Strong civic leadership

Goal 5.2: Good communications and engagement

Goal 5.3: An effective and efficient organisation

The budgets for each service show the various sources of income such as Rates & Annual Charges or Grants & Contributions; the nature of expenditure such as Employee Costs or Borrowing Costs; total capital expenditure; other funding sources such as Developer Contributions or New Loan Borrowings; non-cash entries; transfers to restricted accounts, such as Unspent Grants; and the contribution to the service/function from General Purpose Revenue. The reports set out below are produced at function level, rather than consolidated level. This means that internal transactions are included, and within externally restricted funds such as Water, Sewer, and Waste, contributions from otherwise unrestricted sources within that Fund are shown as Contributions from (to) General Purpose Revenue.

The Delivery Programme and Operational Plan also includes a detailed Capital Works Programme which outlines the 2014/15 budget for all capital works.

Following the Capital Works the Financial Information incorporates Council's Revenue Policy and rating structure, together with assumptions made in the formulation of the forward estimates.

Finally, the Schedule of Fees and Charges for Councils services and facilities can be found at the rear of the document.

Financial Information

In planning for the 2014/15 financial year and beyond, we have made the best possible assumptions about factors outside of Council's control, such as inflation, wage increases, rate pegging and grant funding. Our budgets are based on what we believe to be the most likely scenarios.

RATING STRUCTURE

The forecasted budgets do not include any additional general rate increases beyond rate pegging as determined by the NSW Independent Pricing & Regulatory Tribunal.

Rates do represent a high proportion of Council's annual income, and our annual planning processes will continue to assess the community's capacity and willingness to pay rates, and whether there is a potential for increased rates yield. However, we do seek to maximise alternative revenue streams such as grant funding.

FEES & CHARGES

Many of the facilities and services provided by Council are offered on a full or partial user pays basis. In planning future years' budgets, we have assumed that these full or partial user pays arrangements will continue, with increases typically limited to inflation.

GRANTS & SUBSIDIES

Each year, Council receives a Financial Assistance Grant allocation from the Federal Government. In addition, a number of services provided by Council to the community are only possible because of specific grant funding from State and Federal Government. In preparing future year financial plans, we have assumed that Council will continue to receive such grants. Should the level of grants and subsidies be reduced, Council's ability to provide the related services will be impacted.

BORROWINGS

Within the four year Delivery Program, Council plans to utilise loan funding of:

- \$4 million for an Art Gallery Facility in 2015/16

- \$800,000 for five new sportsfields at the Glen Willow Sports Facility in 2015/16
- \$8 million for the Rylstone/Kandos sewer augmentation in 2017/18

Council will continue to review the need for borrowings for major infrastructure projects, to allow the cost of these projects to be spread over a number of years in order to create a greater degree of inter-generational equity. Borrowings are restricted to long-lived assets, and are useful in smoothing long-term expenditure peaks and troughs.

Projected borrowings beyond 2017/18 are set out in Council's Long Term Financial Plan.

EXPENDITURE FORECASTS

In preparing expenditure forecasts, we have considered not only new expenditure items, but also Council's ongoing commitments. This includes costs for capital and recurrent expenditure programmes, and the input mix required to achieve the objectives of each of these programmes, such as materials and contracts, employee costs, and other expenses.

BUDGET 2014/15

The 2014/15 budget projects total operating expenditure of \$53.8 million, and a capital works Programme of \$26.9 million. It shows a continuing sound financial position, supported by adequate levels of unrestricted working capital.

Council has continued to pursue operational efficiencies in order to maintain existing service levels and the delivery of quality outcomes to the community.

The budget provides for a 2.3% increase in ordinary rates for the 2014/15 year, representing the rate pegging increase announced by IPART.

Revenue Policy

RATES

The total income that can be raised from levying rates on property is capped by the State Government via IPART, which has determined that Council's may increase general income from rates by a maximum of 2.3% in 2014/15. Mid-Western Regional Council's budget is based on the full 2.3% increase. Due to the recovery of valuation objections and reascertainments, the total permissible increase between 2013/14 and 2014/15 is 3.6%. Specifically, in 2014/15 Council will recoup the shortfall in receipts of \$172,535 in 2012/13 and \$18,084 in 2013/14. This is explained in further detail below.

In 2012/13, successful valuation objections reduced the land values of 206 properties, and Council was required to amend the 2012/13 rates accordingly. This resulted in a loss of income for 2012/13 of \$169,894. However, the Local Government Act 1993 allows Council to maintain the rating base from valuation objections for future years, and recover the lost income from 2012/13 by inflating the Permissible Notional General by the indexed amount of \$172,535. In 2013/14 Council also lost income of \$18,084, resulting in a total amount of \$190,619 in lost revenue. Council has resolved to recover the \$190,619 during this financial. It is important to note that the recovery of lost income of \$190,619 would be a one-off only, and would be removed from the following years' rate base.

Council is promoting a draft Rate Model where the distribution of the 2.3% rate pegging and the recovery of income lost due to objections is wholly allocated to the Mining category.

The allowable additional income raised as a result of objections, re-ascertainment, and recovery of income lost due to objections totals \$211,466.

This means that for 2014/15, rate increases proposed for each category are:

- Business 0%
- Residential 0%
- Farmland 0%
- Mining 31.5%

The current rating structure will be maintained; rate assessments are based upon property valuations (ad valorem), with minimum amounts applied where appropriate.

For rating purposes, land in Mid-Western is categorised as Farmland, Residential, Business, Mining or Mining – Coal.

The ad valorem amounts, minimum amounts and estimated yields for each category are set out in the table below.

Category	Sub Category	Minimum Amount	Ad Valorem c in \$	Estimated Yield
Farmland		\$ 609.26	0.581975	\$ 4,305,741
Residential		\$ 609.26	0.617904	\$ 8,570,695
Business		\$ 609.26	0.908061	\$ 1,304,599

Mining	Coal	\$ 609.26	9.439089	\$ 2,380,684
Estimated Total Yield from Ordinary Rates				\$ 16,603,817

Council will continue to levy a Special Rate for the Hunter Valley Catchment within the defined area.

Estimated Total Yield from Special Rates			\$ 14,202

CHARGES

Council will levy various charges which are incorporated in the attached Fees & Charges schedule.

Water Charges

This charge will be levied on all rateable and non-rateable properties where the service is available.

Charge Type	Detail	Amount	Estimated Yield
Service availability	20mm meter	\$ 140	\$ 1,403,692
	25mm meter	\$ 219	
	32mm meter	\$ 358	
	40mm meter	\$ 560	
	50mm meter	\$ 875

	Business	\$ 2.75	\$ 997,100
	Raw Water	\$ 0.61	\$ 43,049

Charges are developed in conjunction with Water 30 Year Financial Plan, which is compliant with the requirements of the State Government Best Practice Guidelines.

Domestic Waste Management *including Town Recycling*

This charge will be levied on all rateable and non-rateable properties where the service is available.

Charge Type	Detail	Amount	Estimated Yield
Service availability	All locations	\$ 161	\$ 1,105,240

Where there is more than one service, the annual charge will be multiplied by the number of services.

General Waste Disposal

This charge will be levied on all rateable and non-rateable properties. The charge is based on all waste management costs, less the cost of providing domestic waste management services and the cost of street and parks litter bins.

As a result of changes to Goods & Services Tax (GST) legislation, the General Waste Management charge is subject to GST from 1 July 2013. The increase from \$170 to \$175 excluding GST is a 3% increase, however 10% GST is added on top of this amount.

Charge Type	Detail	Amount	Amount including GST	Estimated Yield Excluding GST
Service availability	All locations	\$ 175	\$ 193	\$ 2,300,637

Where there is more than one service, the annual charge will be multiplied by the number of services.*

* Except certain farmland property that can identify in the manner required by Council that they have a landholding that is comprised of multiple adjoining assessments, but with a lesser number of residences than assessments. They will be levied a charge for each residence on that holding.

Business Waste Management *including Town Recycling*

This charge will be levied on all rateable and non-rateable properties where the service is available.

As a result of changes to Goods & Services Tax (GST) legislation, the Business Waste Management charge is subject to GST from 1 July 2013. The increase from \$182 to \$187 excluding GST is a 3% increase, however 10% GST is added on top of this amount.

Charge Type	Detail	Amount	Amount including GST	Estimated Yield Excluding GST
Service availability	All locations	\$ 187	\$ 206	\$ 122,666

Where there is more than one service, the annual charge will be multiplied by the number of services.

Sewerage Charges

This charge will be levied on all rateable and non-rateable properties where the service is available.

Charge Type	Detail	Amount	Estimated Yield
Service availability	Residential	\$ 697	\$ 4,624,793
	Non Residential	\$ 389	\$ 275,362
Usage - Non Residential	Based on kLs of water used that would reasonably be deemed to enter MWRC sewer schemes	\$ 2.23	\$ 647,802

Charges are developed in conjunction with the Sewer 30 Year Financial Plan, which complies with the requirements of the State Government Best Practice Guidelines.

Proposed Borrowings

It is Council's intention to borrow money to support the following programmed works:

Project	Fund	2014/15	2015/16	2016/17	2017/18
Art Gallery Facility	General	-	4,000,000	-	-
Five new sportsfields at Glen Willow	General	-	800,000	-	-
Rylstone/Kandos Sewer Augmentation Scheme	Sewer	-	-	-	8,000,000
		-	4,800,000	-	8,000,000

Funds are to be sourced from lending authorities approved by the Division of Local Government in accordance with the Ministerial Order on Borrowings. Security is in the form of a mortgage over Council's consolidated funds and income from any source.

Background

ABOUT MID-WESTERN REGION

The Mid-Western Regional Council Local Government Area covers over 9,000 square kilometres and has a population of 23,000.

MAJOR TOWNS AND CENTRES

The Mid-Western Region includes the towns of Gulgong, Kandos, Mudgee and Rylstone in addition to the rural villages of Birriwa, Bylong, Charbon, Clandulla, Cooyal, Goolma, Hargraves, Ilford, Lue, Pyramul, Ulan, Windeyer and Wollar.

MID-WESTERN REGION AT A GLANCE

From the grandeur of the Wollemi National Park in the east to the gold field heritage of Hargraves and Gulgong in the west, the Mid-Western Region offers a wealth of attractions for residents and visitors alike.

The towns of Rylstone and Kandos anchor the eastern part of the Region, describing themselves as “Two Towns – One Community”. The Kandos museum preserves the history of this town which produced the cement for the Sydney Harbour Bridge, while Rylstone with its charming stone buildings serves as gateway to the nature paradise of Dunns Swamp and the Wollemi.

The bustling regional centre of Mudgee, the second oldest municipality west of the Blue Mountains, is renowned for its wines, olives and cheese, heritage architecture, roses, picturesque parks and broad streets. Outdoor cafés add a cosmopolitan feel to the footpaths of the Mudgee CBD, while the sports grounds of Mudgee, from the historic Victoria Oval to the modern Glen Willow complex, can cater to major competitions as well as local games.

To the north of Mudgee lies Gulgong, the town on Australia's original \$10 note. Gulgong's CBD echoes with memories of frontier life and the gold rush days uniquely preserved in the Pioneers Museum; the Prince of Wales Opera House; the famed Henry Lawson Centre and the narrow streets themselves which evolved from bullock tracks that wound between tents from one major mining claim to the next during the 1870s gold rush.

To the south and west, the picturesque highlands of the Mid-Western Region produce some of the world's finest Merino wool.

ECONOMY

The Mid-Western Region prides itself on being business-friendly, with a diverse economic base. The Region's key economic sectors include:

Agriculture – a wide range of agricultural products is produced in the Mid-Western Region including super fine wool, honey and thoroughbred horses

Viticulture – the region has approximately 4,500 hectares under vine and some 40 cellar doors

Mining – there is a rapidly expanding mining industry in the local area with five major coal mines operating in the region and a further four proposed which will result in more than 2,000 direct new employment opportunities.

Tourism – more than 280,000 people visit the region annually to experience the cellar doors, museums, historic areas, local produce tastings, art and craft galleries, major events, markets, locally brewed beers and a wide range of cafes and restaurants

Retail – there are more than 300 retail establishments in the town of Mudgee, a growing regional shopping centre. Gulgong, Rylstone and Kandos have smaller but nonetheless busy town centres.

Community Consultation

The Delivery Programme/Operational Plan has been developed consistent with the priorities identified in the Community Plan – Towards 2030 adopted by Council in 2013. In the most extensive consultation and successful exercise ever undertaken by Council, the community overwhelmingly identified roads as its single highest priority. In turn, roads and the continued high levels of service delivery are dominant in the Delivery Programme/Operational Plan.

The Delivery Programme/Operational Plan will be placed on public exhibition in April/May 2014 for public comment. Details of where to view the plan and how to make a submission will be published in the local newspaper and on Council's web site. Following a consultation period of 28 days, Council will consider submissions, undertake any adjustments to the plan and budget and adopt the plan for the 2014/15 financial year.

Councillors

Mid-Western Regional Council is represented by nine Councillors with the Mayor elected annually from within. Our Councillors are elected to a four year term commencing in September with the next round of Local Government elections due in 2016.

Organisation Structure

Glossary

For each Function (Service), we have included a projected budget setting out the type of income and expenditure and funding expected for the next four years. A simple explanation of each line item contained in the budget summary for each theme is provided here.

Rates & Annual Charges includes the income generated by Council from the levying of ordinary rates (Farmland, Business, Residential, Mining), and annual charges for the provision of water, sewer and waste management services.

User Charges & Fees includes user charges for water and sewer, statutory fees for planning and building regulation, and other fees and charges for a variety of Council services including aged care, RMS contracts, waste depot fees, cemeteries and swimming pools.

Interest & Investment Revenue encompasses interest charged by Council on overdue rates and charges, and interest earned on Council's investment portfolio. The majority of interest revenue will appear in Good Government as it forms part of General Purpose Revenue (treasury operations).

Other Revenues includes fines, insurance claim recoveries, sales income, and rental income from Council properties.

Grants & Contributions – Operating includes both general purpose grants and contributions such as the Financial Assistance Grant and specific purpose grants for services such as bushfire and emergency, environmental programs, aged & disabled services, noxious weeds management, and roads maintenance.

Grants & Contributions – Capital encompasses the majority of developer contributions including Voluntary Planning Agreements; capital grants provided for specific purposes such as roadwork, water infrastructure, and sporting facilities.

Gain or Loss on Disposal of Assets represents the surplus or shortfall of proceeds received from the disposal of assets over their written down value. This typically relates to the sale of land developed by Council or surplus to our needs, and the sale of plant at the end of its useful life.

Employee Benefits & Oncosts incorporates the cost of staff including salaries and wages, superannuation, workers compensation, and training.

Borrowing Costs represents the interest paid by Council on borrowings.

Materials & Contracts includes expenditure on materials, contractor and consultancy costs, payments for audit services, legal expenses, and operating lease payments.

Depreciation & Amortisation reflects the consumption of Council's infrastructure, property, plant& equipment (net of residual values) over the estimated useful life of the asset.

Depreciation is calculated using the straight line method.

Other Expenses include payments to other levels of government for the Rural Fire Service and town fire brigades, councillor fees, donations and contributions made to local and regional bodies, election expenses, electricity, insurance premiums, street lighting, and telephone & communications expenditure.

Internal Charges are transactions between the different funds and activities of Council, such as contributions from Water and Sewer Fund to General Fund for corporate support, internal plant hire charges, and employee oncosts.

Capital Expenditure reflects the cost of purchasing or constructing new assets and renewing existing infrastructure. Those assets (excluding land) and are then depreciated over the course of their estimated useful life.

Non Cash Entries is an adjustment made to the income statement to show the impact of noncash entries such as depreciation.

New Loan Borrowings represents new loan funding drawn down by Council.

Loan Repayments represents the principal component of loan repayments made by Council to service borrowings.

Transfers from Reserves, Developer Contributions & Unexpended Grants represents a transfer from Council's restricted funds (internal and external restrictions), and is usually associated with a specific project for which funds have been set aside.

Transfers to Reserves, Developer Contributions & Unexpended Grants represents transfers made to Council's restricted accounts (internal and external restrictions). For example, all developer contributions received by Council are externally restricted and can only be spent in accordance with the relevant Contributions Plan.

Contribution from General Purpose Funds is the total contribution required out of general purpose funds (such as financial assistance grants, ordinary rates, interest on investments) to support the activities undertaken in each theme. For the purposes of the Budgets by Service, this term can also be expanded to include contributions from "unrestricted" Water, Sewer and Waste Funds that would be externally restricted at a consolidated level.
