

# Statement of Environmental Effects

Pro-forma for minor development

#### ABOUT THIS FORM

This statement must be completed by the applicant and/or their representative to comply with the requirement of Section 4.15 of the *Environmental Planning and Assessment Act,* 1979. The completed statement must accompany the Development Application and accompanying plans.

Each of the following categories must be completed for all forms of development, building works or activity requiring development consent. The level of detail required will depend upon the nature and scale of the proposed development. Should you be uncertain of any aspect, you should contact Council's Planning and Development Group for advice.

| 1. PROPERTY DETAILS  |                    |         |          |  |  |  |
|----------------------|--------------------|---------|----------|--|--|--|
| Lot Number           | Section no.        | DP / SP |          |  |  |  |
| 280                  |                    | 1181266 |          |  |  |  |
| Unit / Street number | Street name        |         |          |  |  |  |
| 36                   | BANJO PATERSON AVE |         |          |  |  |  |
| Suburb / Locality    |                    |         | Postcode |  |  |  |
| MUDGEE               |                    |         | 2850     |  |  |  |
|                      |                    |         |          |  |  |  |

## 2. DESCRIPTION OF THE PROPOSAL

What is the proposed development?

## CONSTRUCT A 10 X 14 X 3.2 COLORBOND SHED

Describe your proposal in detail. (Include details such as whether the development will use whole or part of the building(s) or land(s), whether new buildings are proposed, the physical features of the proposed building(s), the nature of the building(s) [eg office, retail industrial etc], materials and colour scheme, signage, disabled access and facilities, seating capacity, tree or vegetation removal).

ColorBond shed colours are roof in Baslt walls in Surfmist. The site is a level site with minor earthworks required. There will be no impact on existing residents

#### **3. DESCRIPTION OF THE SITE**

What is the area of the site?

1115 M2

Describe the site (elaborate on the information provided on the site analysis plan. Include information such as the physical features of the site, for example slope and vegetation, existing services).

Level site with no vegetation.

Describe the use of lands adjoining the site. Will the proposal impact on adjoining property? (Consider issues such as noise, privacy, overland flow of stormwater and other amenity impacts).

Existing residential properties

## 4. PRESENT AND PREVIOUS USES

What is the present use of the site and when did this use commence? Did this use receive development consent?

Residential use

List the previous uses of the site.

Have any potentially contaminating activities been undertaken on the property? (Apart from obvious activities such as petrol bowsers and industries, there may be less obvious sources of contamination such as asbestos disposal, old sheep dips and sawmills).

× No

| <br>1                  |  |
|------------------------|--|
| Yes – please identify: |  |
| 1                      |  |

If yes, you will need to provide the relevant documentation as outlined in Council's Development Control Plan (DCP).

## **5. ENVIRONMENTAL CONSTRAINTS**

Has the proposed development been designed to respond to the following environmental constraints, where applicable? (Indicate yes, no, or not applicable to each of the following).

|   | YES | NO | NOT APPLICABLE |  |  |
|---|-----|----|----------------|--|--|
| Flooding  |     |    | X              |  |  |
| Bushfire (if yes, is a bushfire report included in your application?)                         |     |    | X              |  |  |
| Groundwater vulnerability   |     |    | X              |  |  |
| Sensitive biodiversity  |     |    | x              |  |  |
| Saline soils  |     |    | x              |  |  |
| Threatened species or habitat   |     |    | x              |  |  |
| Minimise vegetation removal   |     |    | x              |  |  |
| If yes to any of the above, indicate how the proposed development responds to the constraints |     |    |                |  |  |

## 6. UTILITIES AND SERVICES

Provide details of the existing and proposed method of **stormwater** disposal.

Connect rain water to existing home storm water

Provide details of proposed electricity supply.

Existing power supplied

Provide details of proposed water supply.

NA

Provide details of proposed **bushfire** firefighting water supply, where relevant.

NA

Provide details of proposed sewage management.

NA

## 7. OPERATIONAL AND MANAGEMENT DETAILS (E.G. HOME BUSINESS)

NOTE: This section is not applicable to the construction of a dwelling-house, additions and alterations to a dwelling-house or structures ancillary to a dwelling-house.

Describe in detail the proposed business activity.

|                       | NA       |          |                           |         |                    |                 |                                |
|-----------------------|----------|----------|---------------------------|---------|--------------------|-----------------|--------------------------------|
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          | Max no. of staff on du    | ity     | Max no. of clier   | nts / customers | Max no. of clients / customers |
| Total number of staft | <u> </u> |          | at any one time           |         | expected in a d    | lay             | expected at any one time       |

|                       | AM       | to       |                           | ΡM      | Saturday           |                 |                                |
|                       | AM       | to       |                           | ΡM      | Sunday             |                 |                                |
|                       | AM       | to       |                           | PM      | Extended hours on: |                 |                                |
| What are the existing | and prop | oosed fi | e safety measures for the | ne buil | ding?              | <u></u>         |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |
|                       |          |          |                           |         |                    |                 |                                |

Is legal (eg. Right of Way) vehicular access available from the street to the site? What are the site distances (left and right)? What is the speed limit?

Expected vehicle types associated with the proposal

Number of car parking spaces provided

Location of car parking spaces provided

What are the arrangements for transport, loading and unloading goods? What is the expected frequency of deliveries, size of vehicles and frequency of truck movements?

List machinery associated with the proposed business / activity.

List the type and quantity of raw materials, finished products and waste materials

How will waste be disposed of? (Note: A Trade Waste Approval may be required. Please see Council's website for details)

Identify any proposed hazardous material or processes

## 8. MID-WESTERN REGIONAL LOCAL ENVIRONMENTAL PLAN 2012 (MWRLEP)

What is the land zoned?

#### Residential

What is the proposal for (as defined by MWRLEP)? (There are parent definitions and child definitions in MWRLEP - please use the child definition)

Private residential storage

Is this use permissible within the zone??

| х    | Yes   |         |  |  |  |  |  |
|------|---|---------|--|--|--|--|--|
|      | No – are you  | relying | on existing use rights?  |  |  |  |  |
|      |   |         | Yes  |  |  |  |  |
|      |   |         | No – the development is prohibited in the zone and cannot be approved by Council |  |  |  |  |
| Expa | Expand on how your proposal meets the objectives of the zone. |         |  |  |  |  |  |

Does the proposal comply with all the relevant requirements of the MWR LEP? (Please list and address all relevant clauses to your development from the LEP – add extra pages if necessary)

## 9. MID-WESTERN REGIONAL DEVELOPMENT CONTROL PLAN 2013 (DCP)

Mid-Western Regional DCP 2013 is structured into sections that are relevant to specific development.

- Part 1 Introduction
- Part 2 Fast Track Development Applications
- Part 3 Discretionary Development Standards
- Part 4 Specific Types of Development
- Part 5 Development Standards
- Part 6 Development in Rural Areas
- Part 7 Subdivision
- Part 8 Site Specific Controls
- Appendix A Flood schedules
- Appendix B1 MWRC Auspec Stormwater Drainage Design
- Appendix B2 Stormwater to Stormwater
- Appendix C Carleon Development Control Plan
- Appendix D Implementing a Subdivision Consent

#### NOTE

## Mid-Western Regional Community Participation Plan 2019 may require the development to be neighbour notified and/or advertised.

Please list and address the relevant clauses to your development based on the zone of your land (add extra pages if necessary).

Where the proposed development does not comply with a relevant "deemed to satisfy" standard in the DCP, please provide justification for the variation to the standard. (Refer to Section 1.7 of the DCP).
