

MID-WESTERN REGIONAL DEVELOPMENT CONTROL PLAN (DCP) REVIEW

PROJECT INTRODUCTION

Council is in the early stages of preparing a new Development Control Plan (DCP) for the Mid-Western Regional Local Government Area and has engaged planning consultants Currajong to assist with the project.

WHAT IS A DCP?

A DCP is a planning policy used by councils in NSW to assist with the assessment of Development Applications. The primary purpose of a DCP is to provide detailed planning and design guidelines for new development. The DCP supports and gives effect to the aims and objectives of the Mid-Western Regional Local Environmental Plan 2012.

HOW CAN I HAVE A SAY?

As part of an early engagement process, Council is inviting feedback from all residents in the following ways.
