Executive summary

This Policy has been reviewed and no material changes are recommended only changes to the job titles and references to legislation.

Detailed report

Related Party Disclosures are required under the Australian Accounting Standard AASB 124. As detailed in the amended policy, Council's approach to the collection of data aims at being sensible, efficient and practical. It is imperative that these processes are adhered to and that there is cooperation from all the identified Key Management Personnel (KMP).

The Policy was reviewed against requirements in the Office of Local Government Accounting Code, and AASB 124, and no changes are recommended. The current KMP are still deemed as relevant.

It is recommended to review this Policy every four years, instead of annually, as it is anticipated that changes will not be required often.

Policy Statement

Related Party relationships are a normal feature of business. Related parties may enter into transactions that unrelated parties would not. Therefore a related party relationship has potential to have an effect on the profit or loss and financial position of Council.

In addition, the profit or loss and financial position of an entity may be affected by a related party relationship even if related party transactions do not occur. The mere existence of the relationship may be sufficient to affect the transactions of the entity with other parties.

For these reasons, knowledge of Council's transactions and outstanding balances (including commitments and relationships with Related Parties) may affect the assessment of Council's operations by users of Financial Statements, including assessments of the risks and opportunities facing the Council.

Council will exercise compliance with the disclosure requirements of AASB 124 by executing the following steps;

- a) identifying related party relationships and transactions;
- b) identifying outstanding balances, including commitments, between an entity and its related parties;
- c) identifying the circumstances in which disclosure of the items in (a) and (b) is required; and
- d) determining the disclosures to be made about those items.

Transactions between Council and related parties that would normally be considered to be ordinary citizen transactions but where the terms and conditions differ from normal practice will not be considered to be an ordinary citizen transaction for the purposes of this policy. These will be disclosed in Council's annual financial statements in the related party disclosure.

Please note that KMP's are still required to notify the Financial Operations Coordinator of these transactions via the process outlined below and the determination of whether or not disclosure is required is vested with the Responsible Accounting Officer and Financial Operations Coordinator.

POLICY: RELATED PARTY DISCLOSURE POLICY | 1.3 , 17 AUGUST 2022

All related party transactions will be captured to allow a full assessment of transactions that are to be included in the related party disclosure per the disclosure requirements contained in AASB 124.
